

## Draft Calls Off For Two Months

WASHINGTON (AP) — President Nixon today canceled all November and December draft calls and ordered that the 29,000 men scheduled for induction in October be called over a three-month period at a monthly average of less than 10,000 men.

Reading a statement to newsmen at the White House, Nixon said lessened military manpower requirements—due in part to Vietnam troop withdrawals—made it possible to cancel programmed draft calls for 32,000 men in November and 18,000 in December.

The action came very close to an outright two-month suspension of the draft. However, Nixon said that the 29,000 men originally slated for induction in October would be called over a three-month period ending Dec. 31.

The President also announced that if Congress fails to act on the draft reform legislation he proposed on May 13, he would issue an executive order aimed at sharply reducing the number of years during which young men face the uncertainty of possible induction. He said, however, that no executive order could accomplish his objectives "as clearly and effectively" as the proposed legislation.

Secretary of Defense Melvin R. Laird said at the White House one plan being considered would make 19-year-olds the most vulnerable to induction. Another alternative that could be accomplished through executive action, he said, would make prime draft targets of 19-year-olds and men in the 20 to 25 year age bracket with expired student deferments.

PRESIDENT NIXON has nominated former Detroit Councilman James R. Brickley, above, to become U. S. attorney for the Eastern District of Michigan. Brickley currently is chief assistant prosecutor in the criminal division of the Wayne County prosecutor's office. (AP Wirephoto)

## Popular Vote Measure In Easy House Victory

### Details Given On Selection Of President

WASHINGTON (AP) — The direct election amendment approved by the House would introduce a new method of electing the President.

**What It Would Do:**  
The candidates for president and vice president who received the most popular votes in a national tally would be elected, providing they got 40 per cent of the total vote.

**Runoff Possible**  
If no candidates received 40 per cent, a runoff election between the top two would be held.

**What It Would Change:**  
Under the present system voters choose electors, named by their parties, who cast the actual ballot for president a month after the general election.

Each state gets as many electors as it has representatives and senators in the U.S. Congress. The candidate winning the popular vote in the state gets all its electoral votes.

**History:**  
The electoral vote system was devised by the Founding Fathers and has been in effect in every presidential election.

**No New Proposal**  
Efforts to change the system have been made for 150 years but the House has never before approved any proposal. The Senate approved another plan in 1956 but it failed in the House. This is the first time a direct election plan has been approved by either body.

Before it can take effect, the amendment must be approved by two-thirds of the Senate and ratified by three-fourths of the states.

**Prospects:**  
It faces strong opposition in the Senate where the power of the opponents to mount a filibuster could keep it from even coming to a vote. It is currently bottled up in the Senate Judiciary Committee and may have a hard time even getting to the floor.

**Ratification Likely**  
Ratification also poses difficulties. The present system, awarding even the smallest states two electoral votes for their two U.S. senators, gives them a greater influence in national elections than their population warrants, and they may not want to give up such an advantage.

PRESIDENT NIXON addressed the United Nations National Assembly and urged its help in bringing peace to Vietnam. Seated behind Nixon, from left, Secretary General U Thant; General Assembly President Angie Brooks of Liberia and assistant secretary general Constantin Stavropoulos. (AP Wirephoto)

### 339-70 Margin Surprises All Bill Backers

WASHINGTON (AP) — A proposed constitutional amendment calling for the direct, popular election of the president has been approved by the House in such an overwhelming fashion that even the measure's supporters are surprised—and pleased.

The size of Thursday's vote—339-70—raised backers' hopes that the proposal can win Senate approval, state ratification and become the 26th amendment to the Constitution.

**Senate Prospects Dim**  
However Senate prospects for the proposal are uncertain. There is strong opposition in the Judiciary Committee, where the question of electoral reform is now stalled.

And several weeks ago Sen. Birch Bayh, D-Ind., chief supporter of the amendment, said it was 13 votes short of the needed two-thirds majority on the floor. But Bayh took heart from the House vote, which he called "encouraging, dramatic and historic."

"This is an important step in building the momentum that could assure its passage in the Senate and, hopefully, guarantee acceptance by the state legislatures," he said.

**Solid Bipartisan Vote**  
The House vote disclosed solid bipartisan support for the proposal, which would scrap the system used to elect every President since George Washington. Instead of voting for electors who then cast their ballots for the president, citizens would vote directly for their candidate.

And instead of counting up the Please Turn To Page 10, Col. 2

## Cambodian Border Target Of B52 Raid

SAIGON (AP) — The U.S. Command today reported only light scattered ground fighting in Vietnam, but American B52 bombers dropped 1,200 tons of bombs along the Cambodian border northeast of Saigon.

The new raids came on the heels of a report from U.S. officials in Washington that the Nixon administration is prepared to negotiate an end to the B52 raids in South Vietnam if the North Vietnamese and Viet Cong de-escalate the war.

**Eight Waves Take Part**  
U.S. headquarters said eight waves of the big bombers attacked North Vietnamese base camps in an area three by seven miles located 100 miles north-northeast of Saigon. Part of the target was within a mile of the border.

In the ground war, a Viet Cong force upset a U.S. Marine ambush early today, then attacked the patrol after it retreated, killing two Marines and wounding 11. Headquarters said, "Enemy losses are unknown at this time."

The fight took place 26 miles south of Da Nang. As the Marines waited in hiding, the Viet Cong shelled the patrol, indicating they knew where the Marines were.

The attack caused no casualties, but the Marines went scurrying back to their base. Half an hour later the Viet Cong attacked them.

North Vietnamese troops attacked a night bivouac position of the U.S. 1st Air Cavalry Division 58 miles northwest of Saigon, wounding eight Americans. The enemy soldiers were driven back by artillery and helicopter fire, but their losses were not known.

**31 Rocket Attacks**  
U.S. headquarters reported 31 enemy rocket and mortar attacks overnight in which eight Americans were wounded.

The American Command said North Vietnamese gunners during the night fired 10 rounds of rockets into the headquarters of the 3rd Marine Division at Dong Ha, 16 miles south of the demilitarized zone.

Spokesmen said a few Marines were wounded, but none was killed. The 3rd Division is being withdrawn from Vietnam under President Nixon's order to reduce U.S. troop strength by 35,000 men before Dec. 15.

**Infantry On Move**  
U.S. infantrymen from the 198th Light Infantry Brigade sweeping through foothills 55 miles south of Da Nang uncovered eight Russian-made 122mm rocket launchers.

"This is the largest number of these weapons ever found in a single location," said a communiqué.

### FDA Reaffirms Its Decision On Antibiotic

WASHINGTON (AP) — The Food and Drug Administration said Thursday it has rejected objections from the Upjohn Co., Kalamazoo, Mich., and reaffirmed a decision to discontinue approval of the firm's combination antibiotic drug Panalba.

The order will take effect in 30 days unless stayed by a federal court of appeals. The company is expected to appeal.

The FDA contends that Panalba, a combination of the infection-fighting medications tetracycline and novobiocin, does not meet federal standards for safety and effectiveness.

## Sec. Of State James Hare Quits; Demo Pressure Seen

LANSING (AP) — There was pressure to keep him on the Democratic ticket as the state's top vote attraction, admits Secretary of State James Hare—but he definitely won't run for an eighth term of office.

Hare, 59, made his expected announcement at a news conference Thursday afternoon.

**Pressure Expected**  
"I think there will be a substantial push to see if they can get me to change my mind," said Hare. "It creates a real problem for the party."

Hare was asked if there was previous pressure for him to continue in the office he has held since he was first elected in 1954.

"Hell yes!" he exploded. The urgings, he said, came from the Democratic State Central Committee and party leaders. But he added nothing could make him change his decision.

**Future Plans Told**  
Hare said he might run for an educational post in the 1970 election. He left himself a wide choice, saying it might be either as a trustee of Wayne State University, the University of Michigan, Michigan State University or as a member of the State Board of Education.

He definitely will not run if he has to resign the secretary of state's post, Hare emphasized. His term expires at the end of 1970. This would give Gov. William Milliken a chance to appoint a secretary of state if

MICHIGAN'S Secretary of State, James M. Hart, 59, and in poor health in recent years, revealed Thursday that he would not seek another term for the office. Hart expects Democratic pressure to keep him in office as he is one of the top vote-getters in Michigan. He has served seven terms with his present term due to end in late 1970. (AP Wirephoto)

### 2 Green Berets Get Immunity For Testimony

LONG BINH, Vietnam (AP) — Two of the eight Green Beret men charged with murdering a Vietnamese agent are not being brought to trial because the Army is arranging for them to testify against the other six Special Forces men, military sources said today.

The sources said the two men, Chief Warrant Officer Edward M. Boyle of New York City and Sgt. 1C Alvin L. Smith Jr. of Naples, Fla., will be given immunity from U.S. prosecution, and the Army now is talking with the Saigon government to arrange for immunity at that end.

The Army announced Thursday that Col. Robert B. Rheault, 43, of Vineyard Haven, Mass., commander of the Special Forces in Vietnam when the agent disappeared, and five of his staff officers would stand trial before an Army court on charges of murder and conspiracy.

An Army spokesman also announced that charges against Boyle and Smith "are no longer under confinement but are in a parole status." However, he said the two men must remain on the Long Binh base 15 miles north of Saigon "so that they will be readily available."

The Army still refuses to make any details of the case public. But other sources have reported that the man killed was a Vietnamese working for the Special Forces in Cambodia who was discovered to be working for North Vietnam. The body reportedly was dumped in the South China Sea and has not been found.

### Weather

ESCANABA AND VICINITY—Partly cloudy this afternoon and a little warmer. High in the mid 60s. Mostly fair and cool tonight, low near 50. Saturday — Partly cloudy and warmer, high in low 70s. Sunday, mostly cloudy and warmer with a chance of showers. Sun sets today at 6:52 p. m., and rises Saturday at 6:32 a. m.

Central Upper Michigan—Fair today and turning cloudy this afternoon with a warming trend likely, highs 60 to 68. Tonight mostly fair and cool with temperatures ranging from 40 to 48. Saturday partly cloudy and warmer, highs in the mid-70s. Sunday's outlook cloudy and warmer with chance of showers. Winds today south to southwest 5 to 15 mph and southerly Saturday at 8 to 18 mph. Precipitation probabilities are 20% today, 10% tonight and 10% Saturday.

### Kennedy Accident Case:

## Police Chief Disclaims Attorney's Blood Report

EDGARTOWN, Mass. (AP) — Police Chief Dominick J. Arena says he saw no blood on Mary Jo Kopechne's body when it was removed from Sen. Edward M. Kennedy's submerged car last July 19.

Dist. Atty. Edmund Dinis declared Thursday he had information that there was blood in her mouth and nostrils and on her clothing. He raised the question whether this was "consistent with death by drowning."

**No Evidence Of Blood**  
Arena, who was present when a skin diver recovered the body, said: "When she was in my arms, waiting to put her on the boat, I saw no indication of blood."

Dr. Donald R. Mills, medical examiner for the district, who certified the cause of death as drowning, declined to comment on the Dinis statement.

### Chronic Illness Budget Cut

WASHINGTON (AP) — The Nixon administration has extended its controversial health program cutbacks to five projects that apply research gains to patient treatment for chronic diseases, including cancer.

Budget authorities in the Department of Health, Education and Welfare have ordered drastic cuts this year, and termination next year, of the chronic disease programs involving cancer, respiratory ailments, diabetes, arthritis, heart and stroke and neurological and sensory disorders.

Dr. Stanley W. Olson, director of HEW's regional medical programs service, confirmed that five of eight units in his chronic disease division will lose more than half of their funds this year. Current plans are to drop them next year at a savings of \$9.7 million, he said.

The latest cuts follows announcement of plans by the National Institutes of Health to pare 5 to 10 per cent from medical research outlays and to eliminate up to 19 small clinical research centers across the country.

The new budget restrictions are expected to increase already vocal protests from the medical community and some congressional leaders.

Sen. Edward M. Kennedy of Massachusetts, the Senate's No. 2 Democrat, spoke out against medical program cutbacks Thursday night in a speech in Boston. "The impact of the cuts will be felt in medical schools, universities and research centers throughout the nation," Kennedy said.

### Today's Chuckle

Americans must be getting stronger. Twenty years ago it took two people to carry ten dollars' worth of groceries. Today a child can do it.

## \$20 Billion Military Budget Is Approved

WASHINGTON (AP) — Senate critics of defense costs say a new era has opened in public awareness of Pentagon spending despite their crushing defeat on attempt after attempt to trim a \$20-billion bill for military hardware.

"We have made a good fight," said Democrat William Proxmire of Wisconsin, a leader in the two-month battle that ended Thursday night with passage of the bill.

**Opening Shot**  
"But," he added, "this is merely the opening shot in a larger effort. The critical review will go on."

"A defense system which for years has operated without sufficient public and private checks has now been exposed to the sunlight," said Republican Edward Brooke of Massachusetts. "A good foundation has been laid for future inquiry."

The Proxmire and Brooke comments came as the huge appropriations measure finally passed on an 81-5 vote, climaxing the most heated debate over defense spending in two decades.

**Almost Intact**  
Although it passed virtually intact—only \$70 million was chopped out—it took 59 full days of debate over the two-month period. Pentagon backers had to throw back more than a dozen attempts to delay such major programs as the Safeguard missile defense system, a new nuclear carrier, mammoth new battle tanks, squadrons of superjet fighters and a new manned bomber.

The bill that finances all the United States' military hardware for fiscal 1970 now goes to the House where far easier going is expected.

**Senate OK Needed**  
The measure, however, must again go through the Senate for appropriation of the actual cash and there is a possibility the liberal band that put up the fight this time might try again on some projects.

Actual amounts authorized are \$19.98 billion over-all for planes, ships, missiles and vehicles, with \$7.1 billion earmarked for research, development, test and evaluation.

Pentagon critics were able to cut out \$45.6 million for social science research and \$25 million from the emergency fund.

Although they lost all other attempts to chip away money for hardware, they did get written into the bill some restrictions on chemical and biological warfare materials.

They also won approval of some safeguards on defense contractors, a \$2.5 billion ceiling on aid to Laos and Thailand and several studies on the future role of weapons approved in the bill.

## Shakeup Leaves OEO Personnel In Bind

WASHINGTON (AP) — The Office of Economic Opportunity is about to undergo a drastic shakeup of headquarters personnel. The disclosure left nearly 100 of the antipoverty agency's employees without specific duties and facing an uncertain future.

The shakeup disclosure was made suddenly and apparently without warning Wednesday in a memorandum from OEO Director Donald Rumsfeld to all 1,100 headquarters personnel. Attached to the memorandum was a list of about 900 people who will have definite new assignments.

**High-Salaried Group**  
Those not on the list, many in the \$15,000 to \$20,000 salary range, were told they were being put in a pool, to be used wherever they were needed, until their future was decided.

Sources within OEO said many of the 100 people left in professional limbo had been associated with the antipoverty agency's more controversial programs.

Some expressed the fear they were being eased out of the agency entirely.

**No Black Lists**  
An OEO spokesman denied that these people were on "a black list" but stopped short of guaranteeing that all would

have jobs when the reorganization is complete. "There are some very good people who are not on that list," the spokesman said. "That doesn't mean they won't be reassigned. Some of them are worried, sure. They probably have good reason. But some of the people are being snatched up already and we're certainly not taking them as one big group and throwing them out."

**Reassignments Possible**  
Referring to those not on the list, the memorandum said: "If your name does not appear on the lists, supervisory personnel and representatives of the personnel office will contact you directly and discuss assignment possibilities. Until you are reassigned, you will be retained in your present title, grade and salary, in an unassigned status, available for detail or loan to any of the OEO offices and divisions where your services can be utilized."

One top OEO official who asked not to be identified referred to the unassigned personnel as being on "a blackball list."

"They're dumping us into one big pool according to Rumsfeld," the official said. "To me that pool looks more like a bottomless pit that drops rights into oblivion."

# U.P. Employment View Is Brighter Than Pictured

By JEAN WORTH  
OF PANAX NEWSPAPERS

The headline in the Detroit News said "Soaring Jobless Rate Stalks U. P."

The report had its Origin in the Michigan Employment Security Commission so it was authoritative.

But John Williams of Marquette, MESC labor Market analyst in the Upper Peninsula, takes another view.

His current report on U. P. employment is much brighter than the view from the data desks at Lansing.

Employment in the Upper Peninsula, he says, was lowest in 1964. It has been rising steadily since then.

The preliminary estimates for August indicate it was up in that month, he says July was down about 600 jobs because 1968 had the great impetus of Gas pipeline work, and the final figures may show that August this year was down, too, but the broad picture isn't as bad as it has been painted in reports of 3,000 jobs lost in the copper and iron mine closings and closing of Royal Oak Charcoal in Marquette.

This July the Upper Peninsula employment total was 99,700 and Williams expected it to exceed 100,000 in August. It was 100,300 in August, 1968.

**Increases Cited**  
The Peninsula hasn't had such high employment since the early 1950's. The year 1968 was the first since the early 1950's that Upper Peninsula employment has exceeded 100,000. (The MESC method of Job accounting has changed and it makes comparisons difficult, but these reports are substantially correct.)

Until a Year ago, said Williams, there were significant increases in employment in the Iron Mountain area, in the Cleveland Cliffs iron mining operations in the Marquette area and in Copper mining at White Pine. Construction em-

ployment was also up and metal-using durable goods manufactures were also hiring more people, but not wood industries and the makers of other durables.

There was a very large increase in employment by Harnischfeger Corp. in Escanaba. "We like to see this," said Williams because it is stable employment. And the Mead construction at Escanaba has also employed a large force and the production force at the mill has also been increased.

"There has been an increase in tourist business which has increased retail trade and the service industries.

**Education Gains**  
"For five years we have had a gradual decline in iron mining in the Iron River area, which has been offset by employment increases elsewhere in the Upper Peninsula.

"There has been a fairly large sized increase in government employment, mostly concentrated in education. Northern Michigan University slowed down last year, with the Job Corps Center no longer operative there but Michigan Tech and Lake Superior State College have been increasing right along.

The year 1968 was the best employment-wise in the U. P. recently as unemployment was low. There wasn't a decline in 1967, but employment just didn't grow as fast. The situation was related to the state of the national economy. If Detroit, Milwaukee and Chicago are not going good, we don't do too well in the tourist business and railroading, Williams said.

In 1966, the Upper Peninsula had 94,400 employed and 6,600 unemployed for a jobless rate of seven per cent, and unemployment got as low as 3.3 per cent in September.

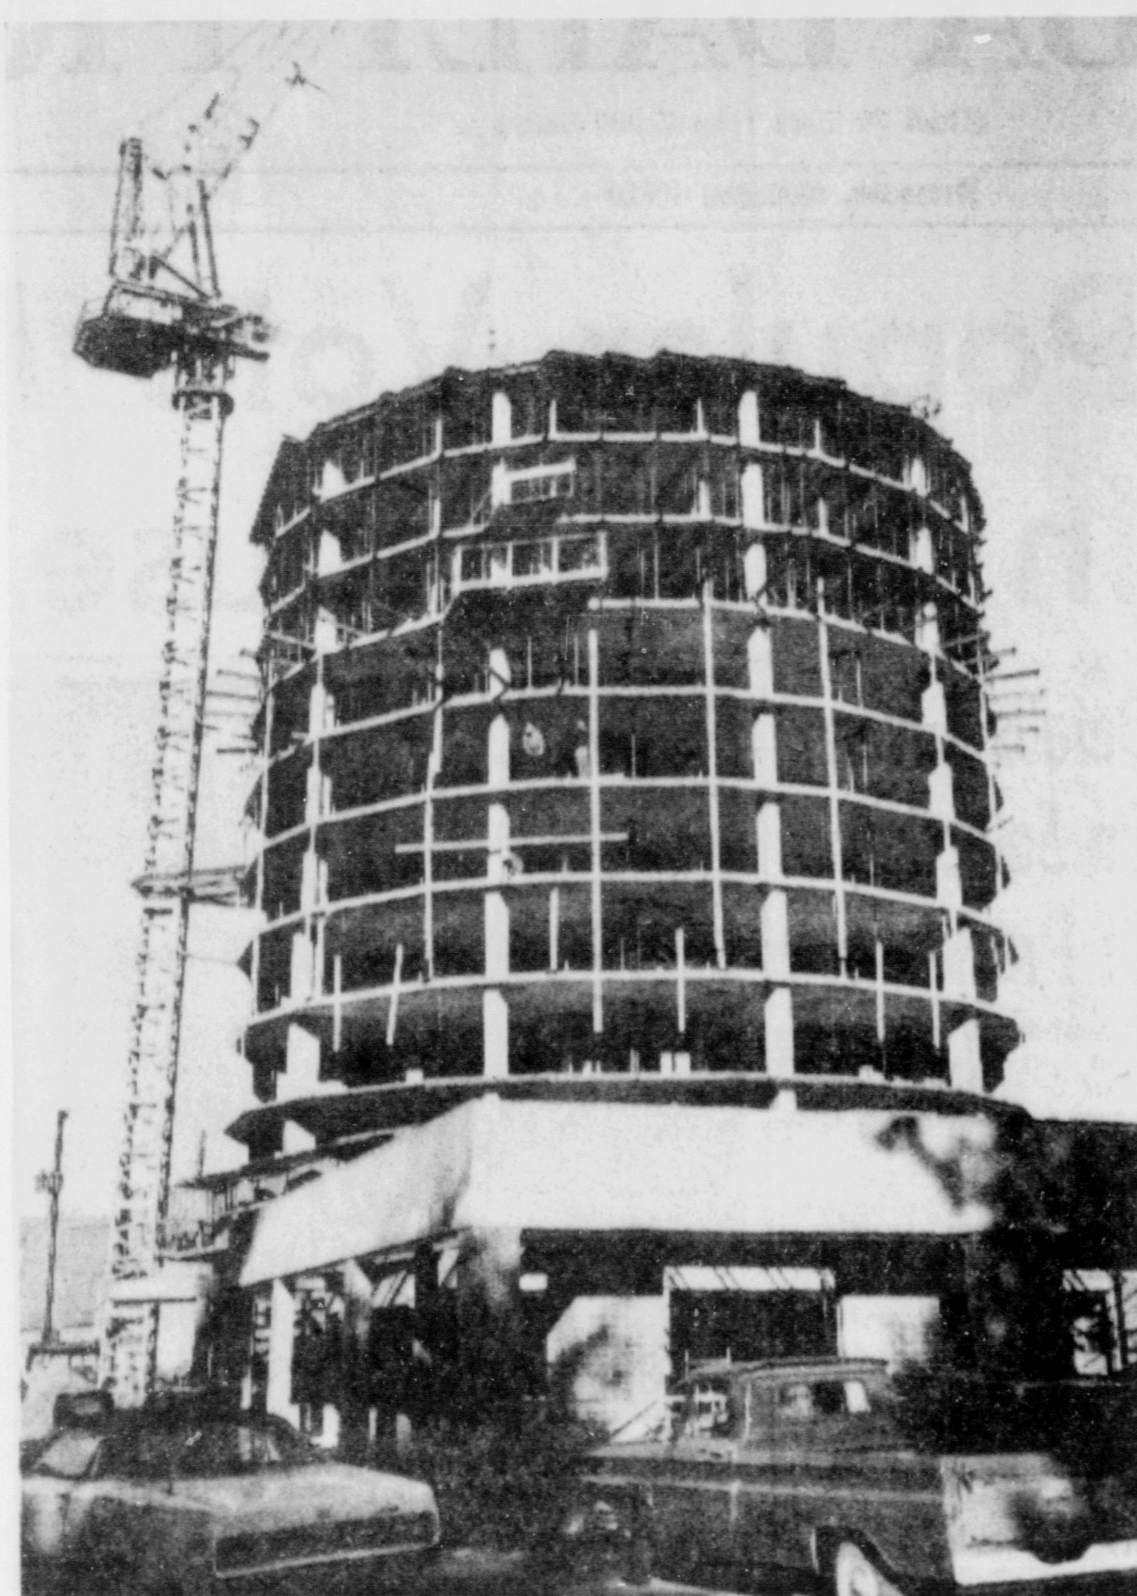

In 1967 the jobs got up to 95,500 but unemployment rose to 7,500, or 7.9 per cent. Construction slipped.

**Better Than Detroit**  
The four easternmost counties of the Upper Peninsula have an unemployment rate double that of the rest of the Upper Peninsula, said Williams. The jobless ratio rises to as high as 20 per cent in the winter in Chippewa and Mackinac counties while it averages only four to five per cent in Menominee County, which has the lowest rate in the Upper Peninsula.

There is more manufacturing employment in Menominee County than non-manufacturing employment, says Williams "and not even Detroit can say that. Delta County also has quite a bit of manufacturing employment now."

Williams also took a brighter view of population projections for the Upper Peninsula than the most recent MESC report from headquarters.

More people get more news from newspapers than all other sources combined.

ESCANABA'S SENIOR CITIZENS apartment building is climbing toward its 18-story height. Workmen from the Stevens Construction Co. of Milwaukee have progressed to the 12th floor, two thirds of the way to the top. Masonry work is underway in the lower levels. (Daily Press Photo)

Edward F. Bruhns

## Bruhns Elected To Bank Board

Stack Smith, president of Northern Michigan National Bank, announced today that Edward F. Bruhns of Escanaba has been elected to the bank's board of directors.

Bruhns has been plant manager of the Escanaba division of Harnischfeger Corp. since Jan., 1967, coming to Escanaba from Milwaukee. He has been employed with Harnischfeger for the past 33 years.

Before coming to Escanaba, he was manager of industrial products manufacturing at the Milwaukee plant. A native of Milwaukee, he is a graduate of Milwaukee High School and also is an alumnus of several trade schools and trade courses.

Then children's disease specialist Dr. Tibor Ballo took the dog to his home, trying to cheer up the melancholy "dumb friend". But it was no good. It hardly ate or drank anything.

## "Mame" Is On Her Way To Escanaba

"Mame" is coming to town. Rehearsals are in full swing for the Broadway musical hit that tells the story of a fun-loving Auntie Mame and her entranced nephew, Patrick.

The musical will be presented by the Players de Noc at the Escanaba High School Auditorium on Sept. 29, 30, and Oct. 2, 3 and 4.

The songs that liven up the popular story of "Auntie Mame" were written by Jerry Herman, who also wrote the music for "Hello Dolly." They include "We Need A Little Christmas," "Open A New Window," and such beguiling numbers as "My Best Girl" and the frequently heard "If He Walked Into My Life."

Arlene Hendrickson will portray "Mame" with Bill Wertz as Patrick at age 10, and Jim Bruce as the boy grown to manhood. Coralie Puglisi will play Vera, Mame's actress friend.

Others in the large cast are Mary Lee DeGrand, Harold Olson and Dick Marenger. Reserve seat tickets may be purchased in person at Gust

## ACLU Gives Aid To Students Who Break Dress Code

DETROIT (AP) — The Michigan branch of the American Civil Liberties Union will decide Friday whether to proceed with a mass court suit against Michigan schools which have suspended students breaking hair and dress codes.

Ernest Mazey, Michigan director of the ACLU, said his organization started its drive this week to aid students who asked for legal help in fighting new restrictive dress codes. "We've sent letters to schools all over the state demanding they give suspended students a hearing," Mazey said. The second step planned by the ACLU is a federal court suit to end all school dress codes.

## Insurance Unit To Air Increase For Blue Shield

LANSING (AP)—The Michigan Insurance Commission is expected to announce by Oct. 1 whether it will grant increases of 8 to 25 per cent in Michigan Blue Shield insurance rates.

Officials of the Michigan program, which underwrites costs of doctors' and surgeons' care for some 274,000 policy holders, testified Thursday at a public hearing on the application. The company asks monthly increases that could raise rates by 13 per cent for the cheapest plan an increase of from \$13.87 to \$17.06.

The hearing attracted little public interest, a commission aide said, possibly because few policyholders actually would be charged higher rates.

Persons over 65 years of age would not be involved and most of the state's Blue Shield subscribers do so through fully-paid union or company health plans, the aide said.

Russell E. Van Hooser, insurance commissioner, will review reports by commission examiners before deciding the matter, the aide said.

## UGLRC Hopes For More Funds

Staff assistants to Congressman Philip E. Ruppe advised members of the Michigan Advisory Task Force of the Upper Great Lakes Regional Commission meeting in Escanaba this week that prospects for an improved federal funding for the midwestern development agency look good.

Ray Chambers and Chris Farrand, both of Ruppe's staff in Washington, indicated that an appropriation of between \$40 and \$45 million for 1970 and 1971 is being sought.

The agency, one of five regional development agencies in the United States, is designed to provide supplementary grants to local communities to assist in the financing of local economic development projects.

Greater funding by the government would allow the Commission to offer financial backing on a much broader basis than now possible, according to Roger Eehberg, staff assistant to the commission in Michigan. He said, for example, that presently the commission works largely to supplement federal grants under other programs, but with more money the commission might be able to tell other agencies that the commission is "getting in" and urge that they also provide support.

Harold Vanlerberghe of Escanaba is chairman of the citizens advisory task force in Michigan. Wisconsin and Minnesota do not have citizens advisory groups as yet.

The task force passed a resolution of support for the Invest-Tour program scheduled in the Upper Peninsula next month and also backed a market research program to consider the value of snowmobiling in Michigan.

Reports also were presented on other commission activities.

## School Sisters To Convene Here

About 150 School Sisters of Notre Dame will be in Escanaba on Saturday to attend the General Assembly of District II at St. Joseph School.

Meetings like this one are being held in six districts as part of an experiment in government, whereby the 1,700 sisters of the Mequon Province meet in smaller groups to discuss and study the current situation and problems of religious life.

District II includes convents in the Marquette, Green Bay, and Madison Dioceses. This area is currently under the leadership of a district coordinator Sister Mary Hope, who taught at Holy Name High School the last two years before her election. During her term as coordinator, she will have her headquarters at St. Joseph Home, Green Bay.

On the program for Saturday's meeting are several members of the SSND Formation Team. This group of sisters is responsible for the training of prospective and young members of the order. Since the

## Law Groups Eye Federal Funds

LANSING (AP)—Gov. William Milliken reported today the State Commission on Law Enforcement and Criminal Justice has received 195 fund requests for 111 organizations.

About \$870,000 is available to the state from federal funds.

Programs eligible for the funds include police services, crime prevention, community relations, prosecution and court activities, juvenile problems, organized crime fighting, corrections and research.

Milliken said initial applications came from such groups as police departments in Detroit and Mount Pleasant, the Big Rapids Human Relations Commission, Lacombe County probate court, Lansing Boys Training School and Grand Traverse County sheriff's department.

Nearly two-thirds of the applications were in the area of police services, primarily for improved communications facilities.

# Short, Hermes Buy Gambles

Purchase of the Escanaba Gambles Store, 1008 Ludington St., from Gambles, Inc., of Minneapolis, Minn., was announced today by Pete K. Short and Gordon J. Hermes.

The store will continue to be operated as Gambles, but now under a franchise from Gambles, Inc.

No changes in merchandising policies are planned at present. The store will continue to carry its present line of Gambles, Inc., products.

Short, a native of Rapid River and a graduate of Rapid River High School began employment with Gambles, Inc., in Oct., 1946, after serving with the U. S. Army in World War II in the Pacific theater. He has been store manager since 1951.

Short and his wife, Harriette, and their two children reside at 1009 4th Ave., S.

Hermes, a native of Escanaba and a graduate of St. Joseph's High School, joined Gambles Oct. 5, 1953, at Escanaba. In 1959, he was named manager of a company - owned store at Winona, Minn., and in 1961 took over similar responsibilities at Ironwood, where he remained until 1965 when he was

## Briefly Told

The Bay de Noc Toastmasters will meet Monday at 6:15 p. m. at the Sherman Hotel.

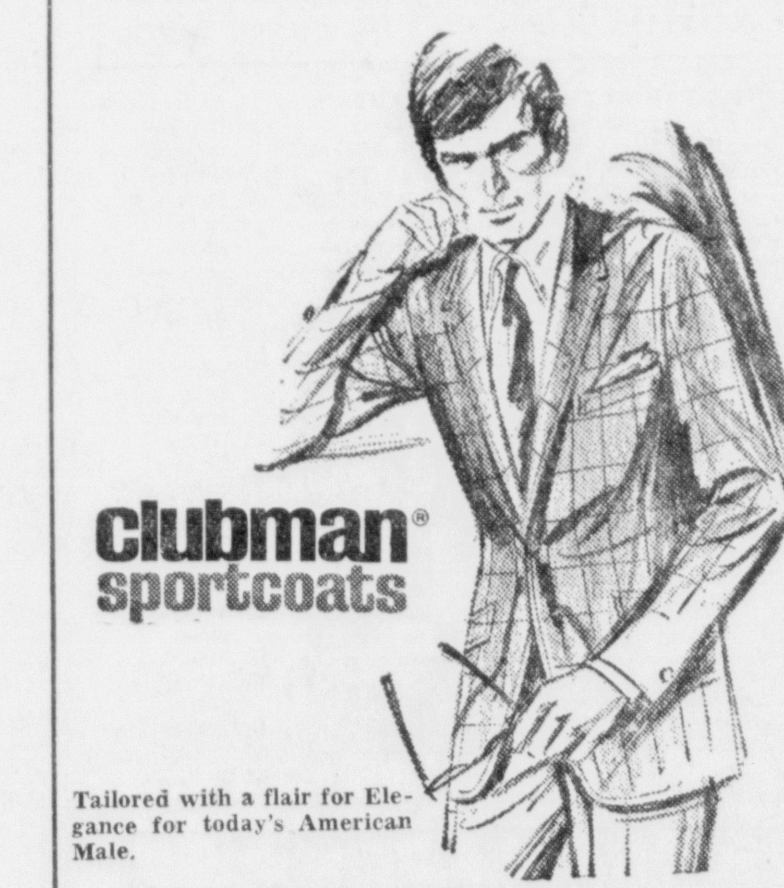

The Golden Age Club will hold a social at 2 p. m. Sunday at the Catherine Bonifas Civic Center.

State Police issued traffic citations Thursday to Louise Paquin, 633 N. 19th St., Escanaba, illegal use of studded tires; and Michael Schakeford, Carleton, Ill., speeding.

The Escanaba Jayettes will hold their first dinner meeting of the year Tuesday, Sept. 23, at 8 p. m. at the Dells Supper Club. Bill Rodman, Jaycee president, will be the guest speaker.

**PLEASE NOTE!**

Our store will be closed for Holiday on Monday. We shall appreciate your shopping in accordance. Thank you.

# Ironwood Radio Station Sold

IRONWOOD—Radio Station WJMS of Ironwood has been sold by The Upper Michigan-Wisconsin Broadcasting Co. to Peninsula Broadcasting Co., a newly formed Michigan corporation.

William L. Johnson, long-time president and general manager of WJMS, revealed the sale today in a joint announcement with Charles K. Heath, president of Peninsula. John Stebbins acted as broker.

Johnson said he wants to devote more time to Ironwood area civic activities after 39 years with WJMS. He will continue as a consultant to the new owners for at least three years.

Heath emphasized that no major changes in either programming or staff are contemplated. Robert Knutson will continue as WPMS station manager and Edward McCullough as sales manager. Heath noted a recent survey of area listeners indicates satisfaction with current programming.

Documents for the sale of WJMS were submitted to the Federal Communications Commission in Washington today. The sale also includes a construction permit for a new FM station at Ironwood. FCC approval is anticipated by the end of the year.

Heath, 32, is a former newscaster for NBC News. He moved with his wife and three children to Lake Tomahawk, Wis., last April. W. Donald Roberts, Jr. will serve as executive vice president of Peninsula. Roberts has over 20 years experience in advertising and marketing, primarily in radio and television. His new home is near Lac du Flambeau, Wis.

WJMS Radio operates with 5,000 watts daytime and 1,000 watts nighttime on 590 kHz. WJMS-FM is authorized to operate with 51,000 watts on 99.7 MHz. The FM station is expected to begin broadcasting next year.

## U.P. Catholic Educators Set Meeting At NMU

MARQUETTE—The U. P. Catholic Education Association will meet at Northern Michigan University in a concentrated convention Friday, Sept. 26.

General and sectional sessions will touch all phases of schooling and religious education. Priests of the diocese and nuns of seven different Orders are on the program, under the chairmanship of Fr. Lawrence Gauthier, Diocesan school superintendent.

Sr. Bernarda Bockrath, of the Precious Blood Order, O'Fallon, Mo., is the principal "outside" speaker, addressing the opening general session on organizational patterns to meet individuals needs, and later addressing grade school teachers on "The Relevant Teacher Today," and "Ungradedness and Principles of Child Growth and Development."

The meeting opens at 9 a. m. Sectional sessions begin at 10:45 a. m.

Sr. Arnolda Chang, Holy Spirit sister from Norway, Vulcan, will handle art sessions; Sr. Colleen Froelich, Franciscan from Manistique, music sections.

Kenneth Bray of Escanaba speaks on counselling topics; Sr. Anne Brochtrup, O. S. F., Manistique, on reading; Sr. Helen Louise, C. S. J., on new concepts in religion teaching, as will Fr. Leslie Perino, at a general session.

Fr. Raymond Moncher, diocesan Radio-TV director, will be heard on "Are We Communicating?"; F. Timothy Desrochers, diocesan director of Adult Education, and Fr. Howard Brown, diocesan CCD director, will also be heard.

## Germfask

Archie Cameron of Madison, Wis., and his father John Cameron of Blaney Park, visited his aunt, Mrs. Mabel Stauffer and Mrs. Jennie Crown Saturday.

Mr. and Mrs. Earl Smith of Lapeer spent a few days here.

## Two Escanabans On Dean's List

BIG RAPIDS—Two Escanaba students have earned recognition on the Dean's List at Ferris State College for the summer quarter.

To be named to the Dean's List a student must maintain at least a B average while carrying a full academic load.

Escanaba students named are Lanny Johnston and William E. Miller, both in the technical and applied arts curriculum.

## Obituary

### GEORGE KING

Funeral services for George King were held at 11 a. m. today at Holy Family Church of Flat Rock. Officiating at the con-celebrated High Mass were Msgr. Matt LaViolette, the Rev. Raymond Pryzybski and the Rev. James Wheatley. Burial was in Gardens of Rest Cemetery. Pallbearers were Tom, Robert and Bill Wheatley, Eric Froberg, Wayne King and Pat LaFave.

**BIG FISH FROM LITTLE BAY** — This haul of lunger-size salmon and trout were netted by the Department of Natural Resources off the mouth of the Whitefish River Thursday. The catch consisted of 10 brown trout which averaged about 10-pounds apiece; 13 coho that ran around 10-13 pounds; and one chinook that weighed approximately seven pounds. A few coho were reported caught in the Whitefish Thursday evening, and Ernest Parker of Masonville caught an 11-pounder off the mouth of the Days River Thursday afternoon on a silver flatfish. The fish above were netted in 15-feet of water about 100 yards off Garth Point. This is a sure sign that the run is starting, say DNR officials. (Daily Press Photo)

# Straebel Chosen Head Of City C-C

Thomas Straebel was elected president of the Escanaba Area Chamber of Commerce at an organization meeting of the Board of Directors held at the Chamber building this week. Other officers elected are Robert Barron, Vice President, and Ronald De Vos, Treasurer.

They will serve with newly elected members of the board, A. C. Baudek, Howard Fontaine, Arthur Neiman and Claude Tobin, and hold-over members Gary Barton, Donald Breault, Dr. Donald Fitch, Dr. Donald Haapala, Merton Jensen, Irving Olsen, James Schultz and Donald Wertz.

Retiring members of the board are Arthur C. Arch, Frank Bourke, Don Brandt, Richard Marenger and Percy Rosemurgy.

Retiring president Don Brandt expressed his appreciation to the members of the board who served with him during the past year for their cooperation and deliberation given to various issues.

Straebel is area manager of the Michigan Bell Telephone Co. and came here in 1965 from Saginaw. He is a graduate of St. Andrew High School of Saginaw and has been with Michigan Bell for 27 years.

# Soo Hill PTA Meeting Held

The Soo Hill PTA met recently at the school with 55 members present. Mrs. Leonard VanDrese presided. The teaching staff was introduced by Jim D'Aird, principal, and a film entitled, "What Is PTA," was shown to the group.

Room mothers for the year are: Mrs. Ed Terra, kindergarten a. m.; Mrs. C. Couchene, kindergarten p. m.; first grade, Mrs. Jack Spencer and Mrs. I. Marenger; second and third grade Mrs. Orval Morrison; Mrs. Hugo Mattson, third grade; Mrs. Keith Mattson, fourth grade; Mrs. Richard Johnson, and Mrs. Leo Evans fifth grade and Mrs. Paul Horst, sixth grade.

Lunch was served by the sixth grade room mothers, Mrs. Horst, chairman.

# Garden Peninsula

Mrs. Geraldine Beaudre and son Dean of Manistique were Sunday visitors at the Mrs. Fred Beaudre home.

Terry Boatman, grandson of Mr. and Mrs. Robert Porter, Tylenes Resort at Garden Corners, bagged a 200 pound bear at about 6 p. m. on Tuesday.

## Controlling Our Air

It is apparent that the Delta County Citizens Committee to Save Our Air is generating considerable public support for its proposed air pollution control ordinance.

An estimated 400 to 500 persons — including some of the area's more influential citizens — turned out Monday night at Marco's Starlite room to hear a presentation by the committee in its first public "airing" of the proposed ordinance. The room was jammed. Other persons stood outside listening to the program over a loudspeaker. And when the meeting was near an end, the crowd stood to applaud the efforts of the committee.

Tuesday night, the proposed ordinance was presented to the Delta County Board of Supervisors, the local government unit which will have to pass, amend or discard the ordinance. The board, as expected, went into a stall, insisting that it needed two months to study and analyze the provisions. Eventually, however, the supervisors are going to have to come to grips with the ordinance.

Make no mistake about the issue. Although the ordinance is broad enough to control all air pollution in the county and the Save Our Air committee says it is not "picking on" the Mead Corp., the overbearing concern of the committee is with the corporation's plan to build a kraft process pulp mill at its Escanaba division plant.

If there had been no plan for a pulp mill, there would have been no Save Our Air committee and no ordinance. It's as simple as that.

But while the issue is clear, the situation is not all that simple.

Continuation of the area's present environment which is relatively pollution free is a goal to be pursued and pursued vigorously. But so is industrial development and growth and the resulting economic benefit to the area in the form of more jobs, greater payroll and enlarged tax base.

And so now it is not a case of the "good guys" against the "bad guys." It's more like the "good guys" against the "good guys."

The Board of Supervisors is going to have to be careful. The ordinance as presented is strong.

Section 15, for example, provides "the board shall permit no new facility that may be a source of air pollution to be built or operate until the board has been presented with reasonable evidence that such facility will not create air pollution as defined in Section 2, paragraph a."

That definition says air pollution "shall mean the presence in the outdoor atmosphere of air contaminants in quantities and characteristics, and under conditions and circumstances of a duration, which are injurious to human life or property or which unreasonably interfere with the enjoyment of life and property, excepting all aspects of employer-employee relationships as to health and safety standards." Air contaminants shall include "soot, cinders, fly ash, dust, noxious acids, gases, fumes, odors and any other element or substance the emission of which is detrimental to health, safety, welfare or comfort."

There are other powers embodied in the proposed ordinance, but what make it unique — and undoubtedly it was drafted this way because of the difficulties of providing technical standards for odor — is the inclusion of values such as "comfort," "enjoyment of life" and "public nuisance."

What will come out of the proposed ordinance remains to be seen. Whether or not the Board of Supervisors — two members of which are employed by Mead Corp. — will decide to take its own course or ask for an advisory vote of the people also remains to be seen.

It seems certain, however, that Delta County is going to have an air pollution control ordinance in some form.

The experience of other communities seems to indicate that a local ordinance is needed.

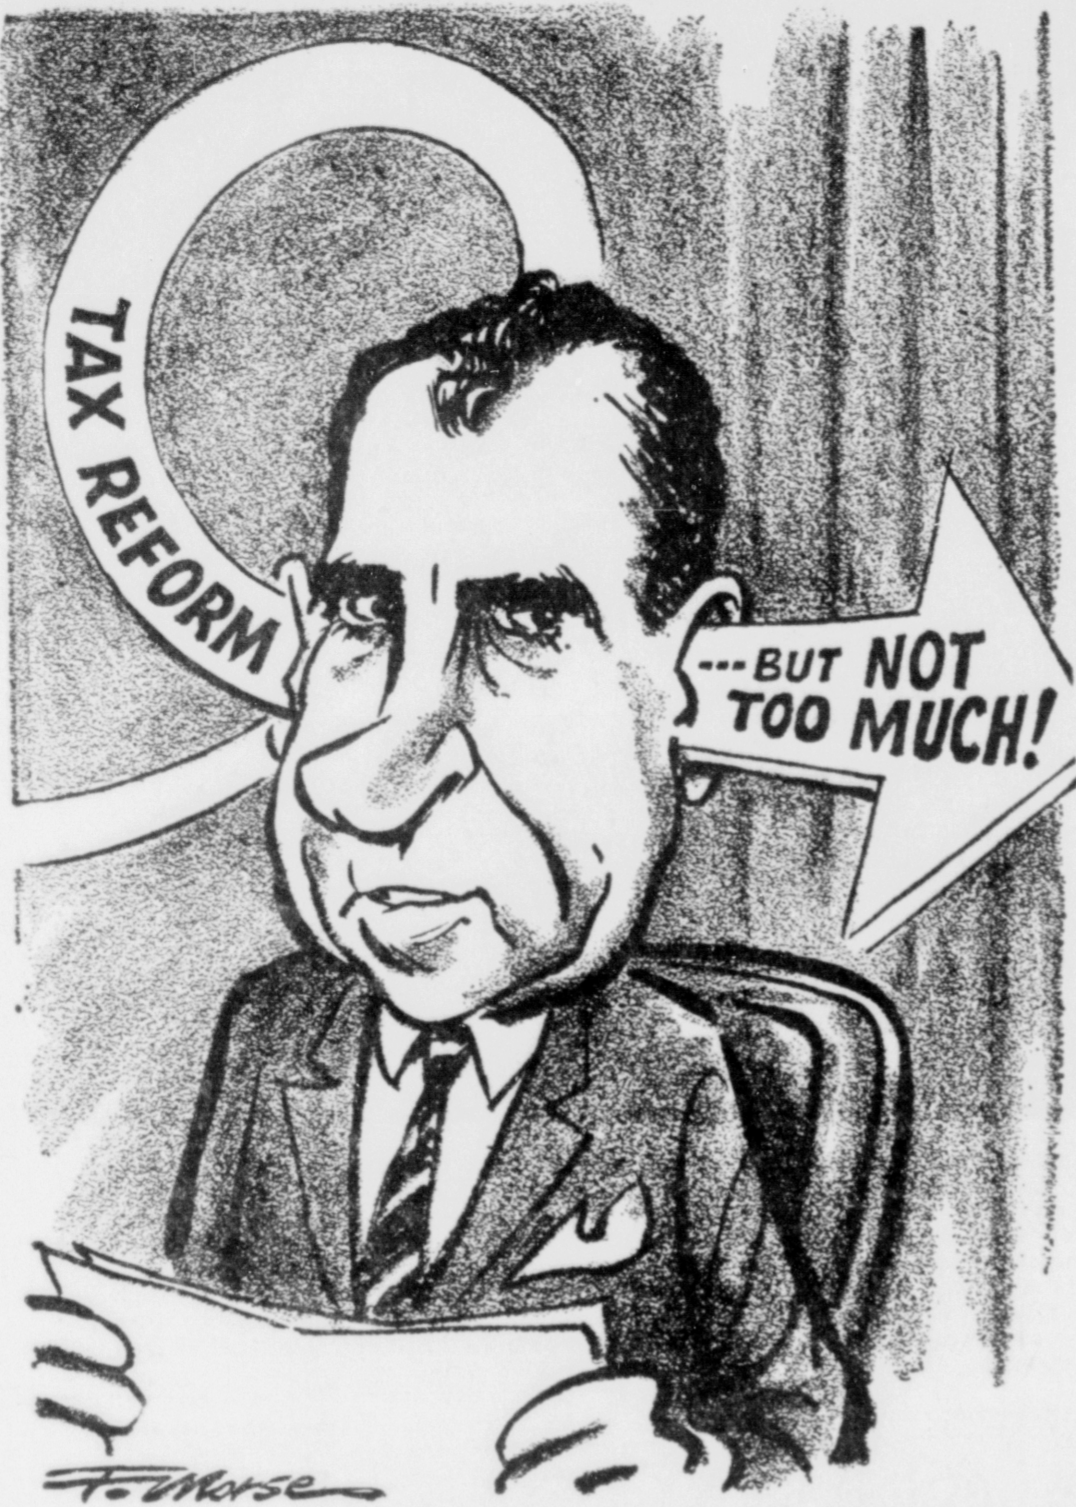

Hopefully, it will be an ordinance that industry as well as the people can live with. Both have plenty to lose if it isn't.

## Peninsula Potpourri

The problem of time — not what time it is today or next week — but what time it will be on the last Sunday of October (the traditional day to revert to Central Standard Time), is being considered by the Ironwood City Commission. The Upper Peninsula, it will be recalled, asked the U. S. Transportation Department to place it in the Eastern time zone, and that federal agency complied. This places all of Michigan on one time (Eastern Standard) the year around. However, Ironwood wants to return to CST (and so do Menominee and Iron Mountain) because that is the time in Wisconsin during the winter. Ironwood City Manager Kenneth E. Long has come up with a plan under which a dividing line would be established between Central and Eastern time zones in eastern U. P. He suggests that the line be located on the county line between Alger and Luce Counties and between Schoolcraft and Mackinac Counties — forming a straight line between Lake Superior and Michigan. Evidence presented to the Transportation Department, as well as ballot totals in last November's election, showed that a majority of residents in Alger, Schoolcraft, Delta, Marquette and a few other counties favored Eastern Standard Time the year around.

Edwin A. (Paddy) Anderson of Felch is this year's choice as Dickinson County "Farmer of the Year." The 66-year-old Anderson, who is now semi-retired, will be honored for his many years of service as a community and agricultural leader at a recognition dinner Saturday, Oct. 25, according to Cecil Rostagno, president of the Norway-Vulcan Civic Club, sponsor of the ninth annual award. Anderson was Dickinson County's top potato grower for three consecutive years and also displayed the grand champion Holstein cow at the Dickinson County and Upper Peninsula fairs for several years.

## LOOPHOLE

# The Generation Gap Is Really Artificial

(John Chamberlain is on vacation. Today's column was written by Tom McCall, governor of Oregon.)

BY TOM MCCALL

"It's all the young can do for the old, to shock them and keep them up to date."

George Bernard Shaw made that observation. It would be illuminating if we could hear his reactions to the current uproar between youth and age. It is probable that the pithy playwright would be dazzlingly frank, semantically exact, and completely without panic in facing the question. He was, as is the case with all great men, completely free of a false generation barrier. His lifetime was unfettered by a "generation gap."

Surely Shaw would join many of us who would lay to rest forever this whole nonsense of "gaps" and "gap-talk." Do we mean anything at all when we clutch these clichés to our minds with such fervor? What does this jargon accomplish?

"Communication gap" is a stunning favorite, for example. Doesn't it usually mean that someone has fluently said nothing—or that a simple explanation has bounced off an idiot's ears—or that someone is afraid knowledge might bring new threats—or that an entire group has silently decided that candor and clarity will not be allowed to eliminate bureaucratic lividness?

And "credibility gap"? Isn't it a genteelism—a polite way of saying someone has deliberately lied?

"Generation gap?" How often is that one heard? More often, even than "viable" or "hopefully" or "fantastic." But what does it mean and how does it help anything or anybody? Could it be that—at least most of the time—it provides a handy cop-out phrase for the parent, teacher or leader to disguise a deep lack of interest in or a dark fear of the young; or, balancing that, for the young to use as an open sesame for absolutely frivolous behavior or as an excuse for not listening?

Let's try to avoid making what appears to be an ancient and familiar twin mistake: abandoning reason for labels or clichés at the same time that we are replacing the search for difficult answers by the acceptance of easy and superficial stopgaps.

There is much for the elder to learn from the younger. Francis Bacon said, "Young men are fitter to invent than to judge; fitter for execution than for counsel; and fitter for new projects than for settled business." Cooperative effort grows from that philosophy.

We have so much in common. The ideals of age are not so different from the ideals of youth. John Dryden felt there was century-spanning unity in "The People's Prayer," the glad diviner's theme, the young man's vision, and the old man's dream.

For a moment, look at that

decrepit generation over 40. As a group, it rattled the cage loudly enough to gain incredible Depression-inspired reforms, and without turning to Communism as a tool for social progress; it shattered history's most massive totalitarian war machine; it shed more blood and realized more treaty-gained curbs against aggression; it fought the widest range of economic battles and it accomplished more legislation for the advancement of ethnic and other minorities than any other generation in history.

And, of course, we botched many projects, fumbled on many an occasion, and frequently looked the other way when the handwriting was appearing on the wall. We, as a group, can neither brag nor despair. We tried. We tried hard. We ask the same of today's youth. Our causes are remarkably wedded—and we hope you win where we failed.

Much must be reformed. This has always been true. But let's realize the reforms in the only way that any gained advantage can be assured—and that is action through the ballot box.

The youth of the world may not really be seeking anarchy as the first step toward the formation of a new order. But sometimes it looks like it. And

with every violent and mindless scourge of blood and fire, anarchy is brought ever nearer.

Every time a life is destroyed, a leader may have been lost.

Every time an institution is destroyed, a kernel of vital truth may have crumbled with it.

We cannot let violence or silence force us into a polarization of such cataclysmic potential.

And another point for the young to consider: you may, with your extreme age-consciousness, be doing great damage to your own futures, let alone ours. And I do not mean the much-discussed dreads of drugs, drinks, and dropouts. I mean the incredible chronology that youth seems to have laid out. Youth speaks of an end-stop at age 30. That means, when the young are 17, they have only 13 years left to live before the long, dark, nothingness of senility. If they live past 30, what a dismal prospect for them: they will have no training for it and no taste for it. They will be shocked and hurt when the 17-year-olds behind them shun them.

It needn't happen. The gap is artificial. It should be laughed to dust. The ages of man are amalgamated through sharing, and so should it ever be.

# Change, Adventure Good For Everybody

By HAL BOYLE

NEW YORK (AP) — "Life is constant change," said Keir Dullea, "and this is a good thing because it means there is hope."

"But half the evils of the world can be traced to the fact that people fight or are afraid of change."

It was the desire for change and adventure that led the handsome young film star, after a year at Rutgers University, to hitchhike to the West Coast, a 20-day, hardship-filled trek which he feels helped mature him considerably.

While working as an assistant carpenter to pay his way through San Francisco State College, he fell in with a group of young actors and decided on a stage career himself.

Drama Studied

Returning here, he studied drama for two years, supported by his parents, who operate a Greenwich Village bookshop, before landing a series of stage and television roles.

Dullea—it is pronounced "Doo-lay"—is profoundly grateful for the financial help and understanding given him by his parents.

"They realized that the stage is a highly competitive business and the chances of success in it are small," he said. "But they didn't object to my trying it. They thought it was important that I do whatever I wanted to do and enjoy."

"So many people who don't do this, even if they are successful,

end up unhappy."

An agent spotted Keir in a soap opera and suggested him for the role of the killer in "The Hoodlum Priest." Since then he has starred in a number of films, including "David and Lisa," "Madame X," "Bunny Lake Is Missing," "2001: A Space Odyssey," and "The Sox."

Currently he plays the title role in "De Sade," and is rehearsing in "Butterflies Are Free," a Broadway comedy drama which opens next month.

Keir is intensely serious about his profession and feels it satisfies a psychological need in his makeup.

Desires Fulfilled

"Being an actor fulfills my personal desire for change," he remarked. "But you also have to have certain consistencies in life."

"Acting fulfills the need for both change and consistency. Every role is a change, a new set of circumstances, but the field of acting itself is a consistent line of endeavor."

Keir and his wife, Susan Lessans, a former fashion director, live quietly in a small Greenwich Village apartment. It has a patio where the actor enjoys raising flowers.

Astronomers believe the moon, surrounded by the sterile vacuum of space, may hold the key to the beginnings of the solar system and the early days of earth itself.

## Contract Bridge

By B. JAY BECKER

TEST YOUR PLAY

1. You are declarer with the West hand at Three Notrump. North leads the six of diamonds, on which South plays the king. How would you play the hand?

♠ Q8  
♥ Q3  
♦ AQ7  
♣ AK8652

N  
W E  
S

♠ A543  
♥ A852  
♦ A2  
♣ 943

2. You are declarer with the West hand at Five Clubs and North leads the jack of diamonds. How would you play the hand?

♠ A106  
♥ 72  
♦ AK  
♣ AQ10752

N  
W E  
S

♠ J752  
♥ AQ  
♦ A2  
♣ KJ863

1. You cannot fail if the clubs are divided 2-2 or 3-1, so your one and only concern should be a 4-0 division. True, this will occur in only one deal out of ten and you might therefore dismiss it as just a remote possibility, but that is not a very healthy attitude to take.

The proper approach is to ask yourself, "What can defeat me?"—and then implement that thought with any measures you can think of to guard against an unfavorable division of the opposing cards.

Thus, in the present case, with a 4-0 club division in mind, you know that there is nothing you can do if North has the missing four clubs, but that there is something you can do if they are in the South hand.

Accordingly, after winning the diamond lead, you play a low club to the nine at trick two. If North shows out, you lose to the ten but that is the only club trick you lose. Your A-K-8 later traps South's Q-J-7.

Of course, this method of play will cost you a 30-point trick every time the suit is divided 2-2, but that is a very minor consideration.

2. Win the diamond and draw both missing trumps. Then cash another diamond, lead a heart to the ace and return the queen. However the cards are divided, you are sure of the contract.

Suppose South wins the heart with the king. He must return a spade; otherwise, you get a ruff and discard. If he plays a low spade, you follow low to assure only one spade loser; if he plays the king or queen of spades, you win with the ace and again can lose only one spade trick.

If North wins the heart with the king, he also must return a spade, and, regardless of how the suit is divided, you lose but one spade trick.

It would be wrong to attempt a heart or spade finesse because you could be defeated if the cards were poorly placed. The suggested method of play guarantees the contract 100 per cent.

## People, Events Of Yesteryears

From the files of the Escanaba Daily Press

25 Years Ago

Play in the men's bridge club will open for the fall and winter months at the Yacht clubhouse at Gladstone. Team captains are Joe Sturgeon and Gus Dehlin.

The 1944 duck season will open at 6:11 a. m. tomorrow morning, but reports from field officers of the Michigan Conservation Dept. indicate that dry marshes have scattered native ducks and may cause rather poor shooting until autumn rains occur to flood them.

50 Years Ago

"Here's a tale about the 'champeen hawkist' of the country. At least he believes he's the champion and wants to know if any boy in the country can beat his record. Edward Armstrong, aged 16, son of James D. Armstrong, keeper of the Peninsula Light Station, shot 20 hawks during the forenoon of Sept. 11. He has received bounty on 88 hawks within the last month and says that most of these were shot while in flight. Can you beat it?"

Strenuous efforts to break up a gang of youngsters ranging in age from 10 to 14 have been taken by Chief of Police Louis Danielson of Gladstone, following a long series of escapades ranging from truancy and vandalism to burglary. Juvenile court charges against several of the alleged leaders were filed yesterday by Chief Danielson. For the past year, he said, the boys have been a source of almost constant annoyance to Gladstone officials.

On May 10, 1869, Morse code carried the message, "the last rail is laid," as it was tapped out to notify President Grant and the nation that the transcontinental railroad was completed.

## Ann Landers

# Sold Wedding Cake To Finance Trip

Dear Ann Landers: If you think you've heard everything, dig this: "Over the weekend my husband and I attended a wedding. The ceremony was held in a church. It was simple but quite spiritual, the way a wedding ought to be. Following the ceremony the guests were invited to the reception in the church social hall. Sandwiches, cookies, fruit punch and hot coffee were set out on a nicely decorated table. On a separate table was a cash register (manipulated by two relatives) and the wedding cake with a large sign which read, "Buy a piece of wedding cake for luck. Help finance the honeymoon. Price 25c."

Several guests lined up and bought a piece of cake. Even though I love cake I refused to allow my husband to buy me a piece, as a matter of principle. He bought a piece for himself, however, "as a gesture of good will." His reasoning was, "When in Rome do as the Romans do." We both would like to know what you think of this. — Minneapolis Query

Dear Q: Minneapolis isn't Rome. What's more my husband and I have attended several weddings in Minneapolis and we never had to buy cake. In my opinion that cake sale was a tasteless move.

Dear Ann Landers: This is for "Wet Hankie" and for all the other criers in the world who are embarrassed because they are unable to control their emotions. Take the advice of a girl who learned the hard way: Cry, cry, cry! It's good for you.

I am 17 and I very nearly had a nervous breakdown because I was afraid to show any signs of "weakness." My father is a career Army officer—well-meaning but very strict and spartan in his approach to everything and everybody. My mother survived a German con-

centration camp. That inhuman experience made her a real stoic. I was taught that it was a disgrace to let anyone see the soft side of me.

Until I was 15 I managed to keep everything bottled up. Then all of a sudden I began to fall to pieces. I became frightened of things I couldn't explain or understand. My hands shook for no reason. My heart pounded and I was sure I was having a heart attack. My palms perspired and I had dizzy spells. It was my biology teacher who put me in touch with the help I needed. And it was just in time. The doctor said I had a small ulcer and was heading for a nervous breakdown.

I hope Wet Hankie listens to you. And I hope all the criers out there will stop being ashamed. Tell them, again and again to keep crying. It's good for them. If you know what Sholom means, use it for my signature. — San Jose

Dear Sholom: Yes, I know what it means. Peace. And it's wonderful.

Dear Ann Landers: What do you mean "a good cigar?" There is no such thing. All cigars stink. It's just that some cigars stink worse than others. People count on you for the truth. Why don't you quit being so polite and tell it like it is? — Fresh Air Flend

Dear Flend: You did and I thank you.

What awaits you on the other side of the marriage veil? How can you be sure your marriage will work? Read Ann Landers' booklet "Marriage — What To Expect." Send your request to Ann Landers in care of your newspaper enclosing 50c in coin and a long, stamped, self-addressed envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a self-addressed, stamped envelope.

AT THE MEETING of the Escanaba Welcome Wagon Newcomers Club held Thursday at the Michigan Consolidated Gas Co.'s Hospitality Room, the following new officers presided: Seated, from left, Mrs. Ted Graim and Mrs. John Jankovic; standing, left, Mrs. Larry Pauley and Mrs. Harry Krebs. (Daily Press Photo)

### Adventists To Begin Special Reading Program

A special program to put morally constructive books in the home will highlight services at the Escanaba Seventh-day Adventist Church, 210 Lincoln Road, Saturday, Sept. 20.

While upholding those Constitutional rights which guarantee a free press, Pastor L. A. Pomeroy said in announcing the special program that the tremendous quantity of salacious reading matter now being distributed in America is threatening to debase today's young people.

"It is a most serious situation," stated Pastor Pomeroy, "one which threatens the very foundations of the Christian concepts upon which America was established."

Pastor Pomeroy said church members will be asked at services at 9:30 a.m. Saturday to make a positive contribution toward providing wholesome literature for all members of their families as well as helping raise community standards in reading.

"People are interested in reading material they are not ashamed to display in their living rooms," the minister explained, "but few make the effort to seek it out." He said the church must bring such publications to people; and at the special Saturday services a call will be made for volunteers to join a growing corps of religious literature salesmen who are meeting this need without the use of high-pressure tactics.

Pastor Pomeroy noted that today's religious publishers are bringing out attractive and colorful reading matter of high quality which also possess valuable counsel and provide practical help in dealing with modern problems.

The pastor announced that 9:30 service.

### Events

**Senior Citizens**  
Senior Citizens will meet at 2:30 p.m. Sunday at the civic center. Cards, potluck supper and dancing will be held. Members are to bring their own place settings.

**Couple's Club**  
The Couple's Club of the Central United Methodist Church will hold a potluck dinner Saturday, Sept. 20 at 6:30 p.m. Members are to bring their own table service. All new members are welcome.

### Class Elections Conducted At Powers-Spalding

Class elections were held recently at Powers-Spalding High School and the following class officers and Student Council members were elected: Senior Class: President, Ruth Carrigan; Vice-President, Rajka Milovanovic; Secretary, Candace Stebbins; Treasurer, Johannes Henn; Student Council, Richard Smith and Theresa Marsick.

Juniors: Cathy Buchecki, Cheryl LaBonte, Elizabeth Murray, Terry Christiansen; Student Council, Jeff Land and Betsy Lynch.

Sophomores: James Fazer, Robert Fazer, Debbie Kell and Michelle LaBonte; Student Council: Richard Routh and Marilyn Murray.

Freshmen: James Gaber, James Behrend, Lynn O'Sullivan and Pamela Pieropon; Student Council, James Behrend and Debbie O'Neil.

Wayne Johnson, literature evangelist, will be guest speaker here Saturday morning at 9:30 service.

### Camp Fire Girl Unit Formed At Hyde

An organizational meeting to form a Camp Fire Girls unit in the Hyde-Ford River area was held Thursday evening at the Ford River Township Hall. About 25 girls in grades two to six and their parents were present. Mrs. Harvey Gasman, Delta County unit head was present to explain the purpose of the Camp Fire Girls.

Local leaders will be Mrs. Walter Moniowczak for the Bluebirds in the second and third grades; and Mrs. Tom Brayak will be the leader for the Camp Fire Girls in grades four to six. They will be assisted by various mothers.

Meetings will be held after school every other Thursday, beginning on Sept. 25, and will last one hour. Various handicraft projects and field trips are planned. The first trip will be to visit the new airport in Escanaba.

Girls earn honors in the following crafts: business, citizenship, creative arts, home, outdoors, science, and sports and games. In the summer, girls have an opportunity for camping out at Clear Lake or at the Gasman Cottage on M-35.

Girls who were not present at the organizational meeting are welcome to join.

### Bridge League Meets Saturday

The Delta Duplicate Bridge League will meet at the Elks Club Saturday at 7:30 p.m. Winners in last week's session were: Mrs. Fran Boyle and Mrs. James Ferguson, Mr. and Mrs. Robert Pearson Sr., Cal Douck and Mrs. Jean Bonafeld. All area bridge players are invited to attend.

## Mrs. VanBlaricom Guest Speaker At Woman's Club

The Escanaba Woman's Club held its opening dinner meeting at the Dells Supper Club on Wednesday evening. One hundred members were in attendance for the buffet supper which featured a decorated cake presented to the Woman's Club by the Flath family.

The invocation was given by the second vice-president, Mrs.

Marvin Roberts and Mrs. A. Gossan read the club collect. Dick Steede provided organ music during dinner.

**Club Calendar**  
Members were presented the annual Woman's Club calendar courtesy of the Northern Michigan National Bank and Mrs. Donald Ness presented a past president's pin to retiring president, Mrs. Stanley Venne.

The new club president, Mrs. John Gunderson presided at the business meeting and introduced her standing committee chairmen, program chairmen, 37 new members and three guests, Mrs. Robert VanBlaricom of Kalamazoo, president of the Michigan State Federation of Women's Clubs; Mrs. Edward Greene of Lapeer, first vice-president of MSFNC and Mrs. William Vaxter of Groose Pointe, chairman of the Girlstown Foundation Inc.

Mrs. John Greene, program chairman, announced the calendar for the year and called special attention to the next meeting Oct. 15.

**Tour Hones Home**  
Chartered buses will leave Escanaba at 10 a.m. for Menominee where lunch will be served the members at the Menominee Golf Club after which the ladies will tour the John B. Hones home. More information will be forthcoming.

Mrs. Steve Rodman and Mrs. Emil Gafner, membership chairmen, introduced 37 new members and presented each with a corsage.

Mrs. Gunderson reported that six officers had attended the district convention in Norway on Tuesday and Wednesday and Mrs. Stanley Venne addressed the convention on the topic, "Michigan Highways."

**Three Awards**  
Three prizes were awarded to the Escanaba Club for its work in crafts and hobbies: first prize to Mrs. Ed Harkins for a framed jewelry tree; first prize to Mrs. Warren Johnston for a Madonna plaque and third prize to Mrs. Harkins for a knitted afghan.

Mrs. Robert VanBlaricom, guest speaker for the evening spoke on the Federated Women's Club and urged all members to become "active," club members in order to enjoy one's particular club more and render more service to it.

**Reception Line**  
The meeting was adjourned at 10 p.m. at which time the new members formed a receiving line and were greeted by all attending.

Mrs. Stanley Venne and Mrs. Ed Harkins were chairmen of arrangements for the evening and they were assisted by Mrs. John Gunderson, Mrs. John Greene, Mrs. Marvin Roberts, Mr. James Legault and Mrs. Clifford Frasher.

Mr. and Mrs. George Weingartner

### People

Betty Lou Johnson, Rte. 1 Escanaba recently returned from Minneapolis where she attended the Billy Graham crusade. On her return trip she visited her aunt and uncle, Mr. and Mrs. Roy Johnson at Poplar, Wis.

### G. Weingartners Observe Their Golden Wedding

Mr. and Mrs. George Weingartner of Rock recently celebrated their golden wedding anniversary with a dinner at the Northwoods Supper Club at Marquette. Attending were their two sons, Robert of Rock and James of Ishpeming and their families.

The Weingartners were married Aug. 23, 1919 in Minneapolis, Minn. and shortly afterward moved to Rock where they have lived since. Supt. Weingartner celebrated his 50th year with the Rock Public School System this spring. The couple also has four grandchildren.

### Annual Rebekah Meet Scheduled At Ishpeming

The Upper Peninsula Rebekah Association meeting is scheduled for Saturday, Sept. 27 at the Odd Fellow Temple in Ishpeming.

The afternoon session will begin at 1 p.m. and initiation of candidates will be held at this time with the Newberry degree staff in charge. Three candidates from Escanaba will be present. A coffee hour will precede the afternoon session.

The banquet will be held at 6 p.m. and will be served by the ladies of St. John's Church of Ishpeming. Reservations for the banquet should be sent to Carmen Waters, 426 W. Empire St., Ishpeming by Sunday, Sept. 21.

Local members may still attend and are to contact the Escanaba Rebekah Lodge president. Twenty members are attending the meet, so far.

### Country Club Friday Socials

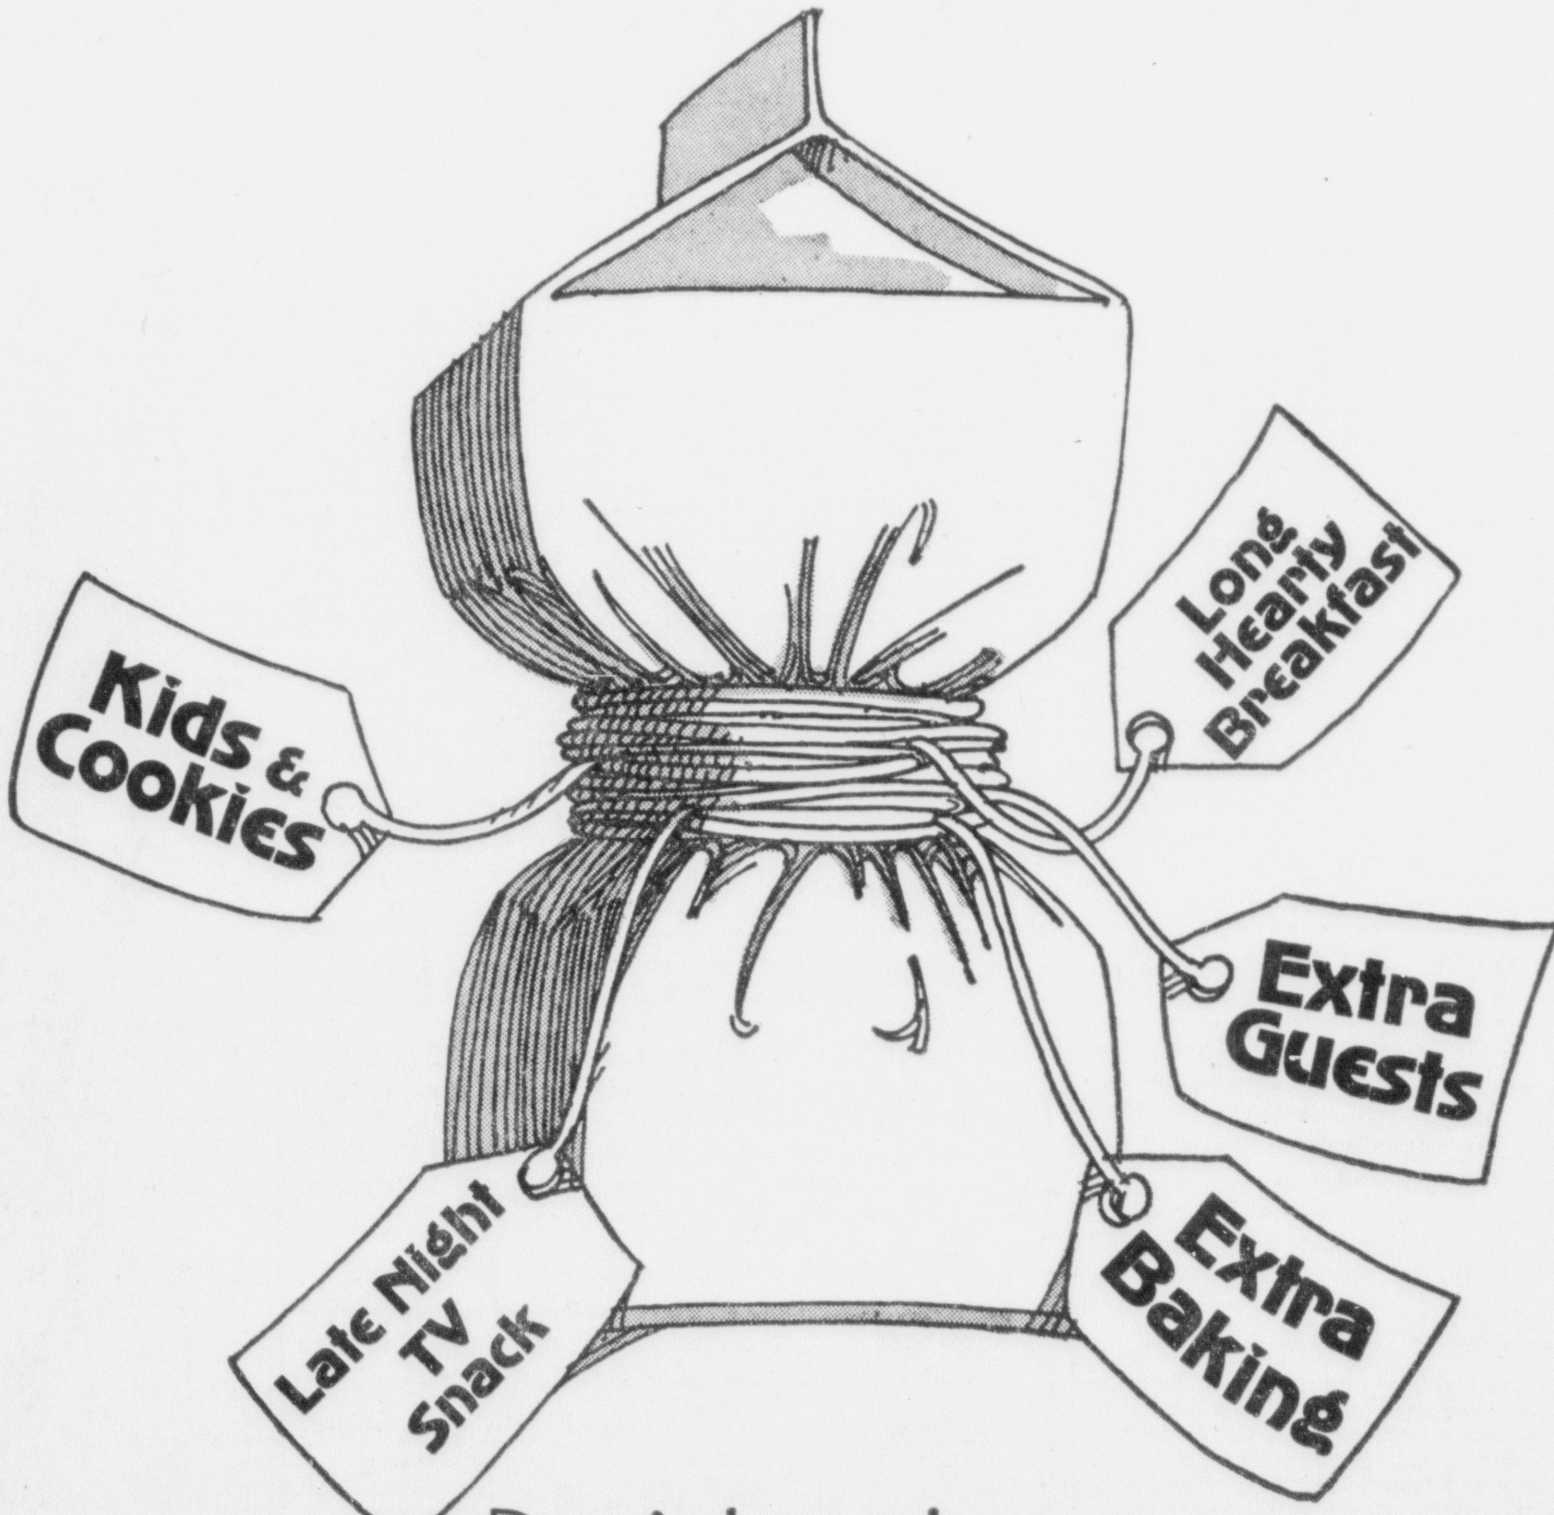

Regular Friday evening socials featuring a smorgasbord dinner and dancing will be held at the Escanaba Country Club for club members and their guests beginning this evening.

The Friday fishfrys have now been discontinued for the season.

### Church Events

**First Presbyterian**  
Friday, Sept. 19, 7 p.m.—Fourth grade party at church

TERRY BOATMAN, 18, poses with a bear he killed Tuesday afternoon on his first bear-hunting expedition. Terry, a senior at Big Bay de Noc High School, felled the animal with one shot near the Isabella dump about 6:30 p. m. Terry said he heard a noise behind him, turned around and saw the bear. He fired once and the bear scampered off for about 50 feet before falling dead. The bear's weight was estimated at between 200 and 250 pounds. (Daily Press Photo)

**NOTICE TO BIDDERS**

The Delta County Road Commission will take bids for the following items of equipment at their regular meeting to be held at 9:00 o'clock, A. M., C.S.T., September 23, 1969. Bids must be received at the Commission's office at Wells, Michigan by 9:00 o'clock, A. M., of said day.

Bids are requested for: —  
Production and stockpiling of 20,000 cubic yards of crushed stone in the following sizes: —  
12,000 cubic yards passing 2" mesh.  
8,000 cubic yards passing 3/4" mesh.

Stockpiling and removal privileges must be furnished for a five (5) year period after date of last production. Bid price will be quoted as total price in stock; including royalty charges, stocking privileges for five years, etc. Produced material will be stocked in or near "That portion of the NE 1/4 of the SW 1/4, South of Highway US-2; located in Section 3, T40N R19W."

The Road Commission reserves the right to waive defects or reject any and all bids on any of the items. Specifications on these units can be obtained at the Commission's office or by writing to Box 298, Escanaba, Michigan 49829.

## Leaders Inform State How To Help The Area

We do have problems, we know what they are, and here's how you can help us, community leaders told Governor William Milliken's Fact Finding Mission Wednesday.

We need an increased tax base, better roads, more development of our natural resources, more concern at the local level and a helping financial hand from the state, they added.

"We need industry but with the attitude of some of our people, we're keeping development away," Frank S. Hoholik told the Mission.

"A wigwam economy cannot survive in this age. What's needed is a total effort involvement of our people to attract new industry," the president of the Manistique Pulp and Paper Co. said. Involvement is the key word for progress but the attitude of some of the people, he repeated, and the lack of know-how in attracting industry are two deterrents holding back development.

**Death Trap**

"U. S. 2 is a death trap and its deplorable condition is the biggest complaint heard from tourists this summer," Nat Dellis, owner of the Surf and president of the Chamber of Commerce said.

Good, maintained, safe highways would supply the "economic blood of the community" by attracting tourists and providing new industry with adequate transportation facilities.

Dellis said the chamber of commerce office handled over 15,000 visitors this summer and the bulk of the complaints centered around inadequate highways. He pointed out U. S. 2's strategic location in the U. P., how it links and bisects the major north-south highways to which the traveler wants access, and the scenic beauty of its route along Lake Michigan.

David M. Kelly of WTIC Radio agreed with Dellis' assessment of the road situation and urged a "high concentration of planning and funding to meet the demands of vacationers, new industries and the expanding local population."

**Funding Not Balance**

Kelly decried the imbalance in state funding (particularly the eight tenths of one per cent allocated to U. P. highways in 1968 by the State Highway Department) for maintenance and construction of U. P. highways. He said expanding facilities along the existing path of U. S. 2 would both serve the recreational and industrial needs of the area.

He asked support for a bill in the legislature which would divert 25 per cent of state highway monies north of Townline 16; contact with the Federal Bureau of Roads to induce change in the current formula for location of Interstate highways; and a State Highway Dept. plan for a Four-Lane Ring around the U. P. to utilize existing scenic drives.

Pursuing the transportation needs of the area, Kelly pointed out adequate air transportation facilities are needed and the county is backing a study program to up-grade airport facilities. We also recognize the need for harbor improvement and the city of Manistique is attempting development in this area, he said.

"We are fortunate in the area of communication to have a local radio station, a weekly newspaper, the services of a daily paper from Escanaba and the services of General Telephone Company who are developing better service with

new equipment and cable facilities.

**Need Dial Service**

"However, we do not have direct distance dialing service and ask state support to make our needs known and recognized by the telephone company to include this expanded service as a high priority item," he said.

Michigan Consolidated Gas Company is using this community as a wedge to obtain a rate increase, Kelly charged, and is actually performing a dis-service to the area by its refusal to initiate natural gas service as promised, he concluded.

The Manistique Area School buses travel over the highways in this area so we're interested in a road improvement program, too, School Supt. Edwin E. Wuehle said. We're also interested in the other points mentioned today since all of our problems are intertwined.

Specifically citing the educational ills of the area, Wuehle urged consideration and recognition of the problems in the areas of vocational-technical education.

"Seventy per cent of our students do not go to college or vocational schools after they graduate. If these 70 per cent are going to get work skills, they must get them in high school," he asserted.

**Education Discussed**

At present the local schools are accommodating only 100 students in vocational programs—a small fraction of the 70 per cent who will terminate their education when they graduate. Forty students are commuting to Bay de Noc Community College for vocational instruction but state funding for this program is uncertain and we're not sure we'll be able to continue this arrangement, Wuehle indicated.

He said financial reform was needed in the areas of state reimbursement in existing programs and equipment, transportation, building construction and a more definite financial commitment for community colleges offering vocational courses.

"Our students who need vocational - technical education will never get it without assistance," he concluded.

We've been surveyed and over - surveyed, studied and over-studied," Ralph Gillam told the Mission, "and either we must stop the surveys and studies or start following the recommendations."

Gillam urged tourism development on a four season basis rather than on the limited two or three months season. To attract tourism more money must be spent in promoting the area's attractions. He said Ontario has reaped a bonanza since the Mackinac Bridge tolls were lowered but that Ontario promoted to get the new business—about a 25 per cent increase over the last year.

**Projects, No Money**

Promotion could come from increasing the state Tourist Council Fund, literature, films and travel show participation, Gillam concluded.

The City of Manistique is striving in every way possible to solve its problems, City Manager Robert Noe testified. A water filtration plant and pollution control are currently the biggest problems we face, he added.

"Our problems are the same ones other Michigan communities have since the state ordered construction of phosphorous removal plants to halt pollution of Lake Michigan."

"We are in the position of having to get a project underway without knowing the financial involvement. We do know that we'll have to bond to comply with the directive and the estimated \$40,000 annual operating cost of this plant will cause a fifty per cent increase in our water bills," Noe said. He added, wryly, that it now costs more to treat waste than drinking water.

The City Manager said he felt the Water Resources Commission was unsympathetic with the city's problem. He estimated the total cost of a water and sewage expansion project at about \$1,500,000.

"People worry about the condition of U. S. 2 because they can see it's shabbiness; they don't worry about water and sewage because they can't see it," Noe said in urging a realistic point of view on city problems.

Director Richard E. Whitmer and his Commerce Department executive assistant Ward J. Mayrand were in Manistique to hear the presentations during a noon luncheon at the Fireside. They left to join other Mission personnel in Escanaba Wednesday afternoon. Otmer J. Schuster was host-coordinator for the hearing.

**Briefly Told**

The Manistique Area board of education will hold a special meeting Monday, Sept. 22 at the high school to act on ratification of both the Auxiliary Service and certified employees contracts. The meeting will begin at 8 p.m.

**Ticketed by Michigan State Police** on Wednesday were Golden Brock, Manistique, no registration plate; Francis Cartwright, Coleman, speeding; and Ronnie Whitman, M-94, no Michigan registration plate.

**A building at Camp Hi-daway**, owned by the Manistique Girl Scout Council and located off county road 441, was entered sometime between Sept. 14 and 17, State Police report. Entry was gained by removing a window pane. Two hatches were reported missing.

**Births**

**LAUZON** — A baby boy, weighing ten pounds and one and three-fourth ounces, was born to Mr. and Mrs. Louis Lauzon, Rte. 1, Wednesday Sept. 17, at the Schoolcraft Memorial Hospital. The mother is the former Sally Gardapee.

**ROSE** — Mr. and Mrs. John Rose, Gulliver, are the parents of a baby boy born Wednesday, 17, at the Schoolcraft Memorial Hospital. The infant weighed eight pounds and one and one-half ounces. Mrs. Rose is the former Linda Dennis.

**NOTICE TO BIDDERS**

The Delta County Road Commission will take bids for the following items of equipment at their regular meeting to be held at 9:00 o'clock, A. M., C.S.T., September 23, 1969. Bids must be received at the Commission's office at Wells, Michigan by 9:00 o'clock, A. M., of said day.

Bids request for:

Two (2) — Low center gravity industrial tractor mowers with 7' 0", hydraulic powered sickle bars and flotation type tires, front and rear.

Above unit will be equipped with high output generators or alternators.

No trade-ins on this purchase.

The Road Commission reserves the right to waive defects or reject any and all bids on any of the items. Specifications on these units can be obtained at the Commission's office or by writing to Box 298, Escanaba, Michigan 49829.

**Here, much to the discomfort of smaller cars. '70 Nova.**

Nova has smaller cars squirming principally because it doesn't make you squirm. The not-too-small Nova Coupe seats five adults. Sedan, six. And you get windows instead of portholes. A bona fide trunk. And a wide-stance ride on a 111" wheel-base. Further, you have a happy choice of six engines and five transmissions (including low-cost, no-clutch Torque-Drive). And Nova is anything but dowdy. See above. Certainly, little cars have to be more than a little uneasy about Nova's easy price. It simply doesn't cost that much more to own that much more car. Putting you first, keeps us first.

**CHEVROLET**

**Stricter Customs Check At Border Ruled Successful**

SAN YSIDRO, Calif. (AP) — Automobiles entering the United States from Mexico were backed up for almost three hours as U.S. customs officials carefully searched them for narcotics in a test of "Operation Intercept."

Agents said no narcotics were found. But they said they were pleased with their test of procedures in the land phase of the air, land and sea effort to catch drug smugglers which will start at some still secret date.

Customs officials admitted, though, that the stiffer inspections could delay holiday and weekend visitors to Mexico for up to six to eight hours on return.

# TV Viewer Getting Steady Over-Feeding

By CYNTHIA LOWRY  
NEW YORK (AP) — Network television now is over-feeding its viewer as extravagantly as it starved him during the summer famine.

With ABC and NBC presenting on Thursday night the season premieres of some of their most popular programs—"That Girl," "Bewitched," "Daniel Boone" and "Ironside"—CBS busily loaded in a special to conflict with them. It was called "The Time of Man" and was

## Highway Week

LANSING (AP) — Gov. William Milliken has proclaimed next week as Michigan Highway Week, calling the state's roads "the finest in the nation. Our growing reliance on adequate, modern roads and streets emphasizes the importance of safe, efficient highway transportation in expanding Michigan's economic growth," the governor said.

based up to a point, on some unusual film and commentary obtained through the American Museum of Natural History.

The point of the program was that man is in danger of bringing about his own extinction by his impetuosity—hardly a novel TV theme.

The program began by explaining the chemistry of the world's creation and moved step by step, through the age of dinosaurs. The program was most interesting when it lingered on sequences showing the tribal characteristics of some primitive African tribes.

**Acts Lose Meaning**  
Some film showed one tribe in which each man and woman takes care of his own needs without any feeling toward his fellow man and where children are turned out to fend for themselves at the age of three. Another tribe was shown in an ages-old ritual of warfare and reprisal, so old that it has lost its meaning.

The program made its point about the futility of war. But then it moved on to a portion that seemed to belong to some other program. This was a montage of old and recent film clips that in a few minutes ran through history from the time film was invented until the as-

## Seek Signatures In School Debate

GRAND RAPIDS (AP)—A citizens group is seeking 200,000 to 250,000 signatures for its petitions asking that the question of state aid to parochial schools be voted upon in the 1970 general election.

Jay A. Wabeke of Grand Rapids, first vice chairman of the Citizens to Advance Public Education, said the petitions are designed to "put the issue on the ballot so people can decide for themselves on the matter of parochialism."

However, Wabeke insisted that the organization "will not tolerate education reform poisoned by parochialism." He said it intends to file suits against school systems which already appropriate funds for non-public schools.

He said the organization opposes any educational reform legislation which grants aid, either direct or indirect, to non-public schools.

tronauts stepped onto the moon. Its sudden change of style and message suggested there was just not enough museum film to fill the hour.

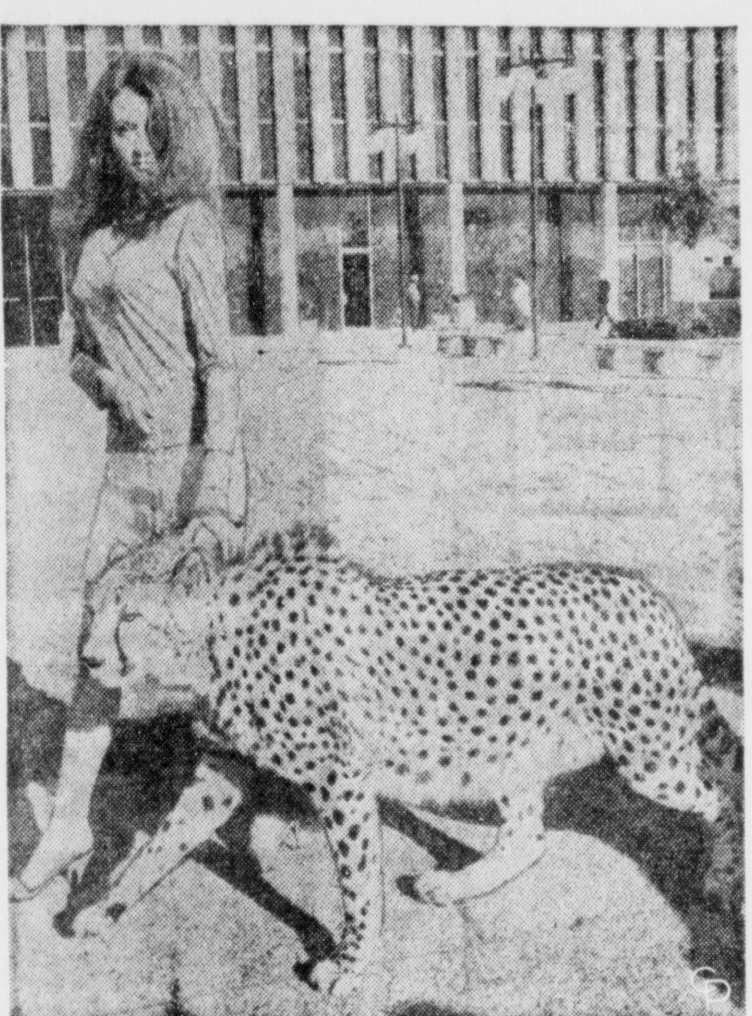

**Feast Continues**  
The feast of the networks will continue over the weekend with full schedules of premieres and specials.

Tonight ABC will present a special, "A Matter of Conscience," a timely examination of ethics in government. Later NBC will have the premiere of "Bracken's World," (10-11 EDT) which is a series tied into life in a film studio.

Andy Williams' new variety hour will make its NBC debut Saturday at 7:30-8:30 p.m. EDT. On Sunday night, 7:30-9 EDT, CBS will present an extraordinary documentary, "The Royal Family," an informal portrait of Queen Elizabeth II as a working wife and mother. It gives television viewers a unique glimpse of life behind the iron gates of Buckingham Palace.

The 90-minute program—culled from 43 hours of material shot—was made with the consent and cooperation of the Queen and her family over a year's time and at a cost of some \$2-million. It was broadcast originally in Britain last spring.

More people get more news from newspapers than all other sources combined.

CHARGE DISMISSED — An exotic dancer on Bourbon Street in New Orleans, "Frenchy" Colbert walks her 2-year-old cheetah to court after police charged she was "keeping a wild and vicious animal." The calm cheetah impressed the judge enough that he dismissed the charge.

# Blind Teacher Wants Job Back

ANN ARBOR (AP)—A 28-year-old blind woman works steadily toward her master's degree in English at the University of Michigan while waiting for the courts to decide whether she can return to teaching.

Evelyn Weckerly, who was dismissed by the Mona Shores Board of Education in Muskegon early in August, is waiting out her appeal to the Michigan Court of Appeals by returning to the classroom as a student.

The school board contended Miss Weckerly could not maintain proper discipline in her classes because of her handicap. But the teacher insists her discipline problems were "the same as anyone else's."

Miss Weckerly said she expects to have her master's in December and "Beyond that I have no plans."

She made a few efforts to find another teaching post but, "I wasn't legally free to do any looking until Sept. 4 and school was already in session. It was really too late to expect any-

thing to materialize."

The courts may take a year to decide her case, Miss Weckerly said. Her request for a stay of execution on the dismissal order was denied earlier this month.

Miss Weckerly began teaching at Mona Shores High School in the fall of 1966 after three years in another school system. The board sought to dismiss her in 1968 by refusing to grant her a teaching contract.

A contract for her third year at Mona Shores would have meant Miss Weckerly had tenure and could be fired only for proven incompetence.

Miss Weckerly taught through the 1968-69 school year without a contract. She appealed the board's decision not to grant her a contract to the State Department of Education's tenure commission which overruled the local board's decision to let her go.

Then the local board appealed to Ingham County Circuit Court which reversed the commission's ruling.

FLOOR PLANS: Sunken living room, foyer and courtyard leading to front portico separate the bedroom wing from the rest of the house in this well laid-out floor arrangement. Kitchen and breakfast room, living room and dining room, have open-plan arrangement.

HIGH COLUMNS at front door entrance are part of general air of elegance evident in the somewhat "different" exterior

of this four-bedroom ranch. Colonial touches are blended with brick facade to present a distinctive appearance.

## Elegant Exterior On Ranch

SPACIOUSNESS has been created here by the use of open wrought iron dividers between the living room and the dining room, plus window walls overlooking the patio.

By ANDY LANG

Ever wanted the convenience of a ranch house with a more elegant exterior than usually is seen in a one-story residence?

If your answer is yes, take a look at this unusual home. It's a four-bedroom ranch with all the comforts of most well-designed one-story houses, but with the elegance, formality, good zoning and privacy normally found in two-story dwellings.

Note the stately appearance of the outside. Architect Samuel Paul has created a formal courtyard entrance flanked by two low-roofed wings. In the center is a 12-foot-high columned portico, with a gracious double door entrance. The garage faces the side, and the driveway brings guests right to the formal courtyard entrance. The entire front facade is covered in brick and accented with colonial style windows and shutters.

Inside the main entrance, there is a spacious reception foyer with a closet on each side. Straight ahead is a sunken formal living room, with an attractive window wall overlooking the rear patio and garden.

Alongside the living room and located up two steps is a balcony dining room, which also faces the rear patio and garden. A decorative wrought iron railing divides the two rooms, yet permits one to flow into the other without a wall break, resulting in a vista of 31' and giving a general feeling of tremendous space.

To the left of the foyer is the informal activity area of the home, highlighted by a paneled family room with a log-burning brick fireplace. Adjoining this is the kitchen, which stretches out to breakfast room or dinette. The latter can be used for morning or other informal family meals, permitting the regular dining room to be

reserved for special occasions. The dinette has sliding glass doors leading to the patio.

Next to the kitchen is a convenient laundry-mud room center, with a separate entrance from the outside and another to the garage. The stairway also is located here. Within the area, too, is something which will please the women — a large pantry.

The entire right wing of the house comprises a private and quiet bedroom zone. There are four bedrooms, with an abundance of closet space and two full baths. The master bedroom features an enormous walk-in closet with a full private bath, including shower and tub.

Besides space for two cars, the garage is large enough to handle some storage items. There is a good-sized basement underneath the left wing. The balance of the house is located over crawl space.

### S-11 STATISTICS

Design S-11 has a living room, dining room, kitchen, breakfast room, family room, four bedrooms, two bathrooms and a foyer, with a habitable area of 1862 square feet. A mud room-laundry is off the kitchen.

There is an oversized two-car garage and a partial basement. Over-all dimensions, which include the garage and a considerable portion of the rear patio, are 64' by 62'.

## Congress Gives 'Blessings' To SS Pay Increase

WASHINGTON (AP) — Congress appeared favorable to an increase in Social Security benefits, but how much and when is uncertain.

President Nixon said Wednesday he would ask Congress next week for a 10 per cent across-the-board increase, effective April 1.

The White House gave no details and no indication of how the increase would be financed.

The last increase in the benefits was 13 per cent in February 1968.

Chairman Wilbur D. Mills, D-Ark., of the House Ways and Means Committee, said his group will hold hearings on the proposed increase. But Mills also said he is not sure whether a bill can be passed before the end of the year.

The present minimum Social Security payment for an individual at 65 is \$55 a month. If Congress approves a 10 per cent increase, the minimum would be \$60.50.

## Union Hassle At High Pitch

DETROIT (AP) — Despite an AFL-CIO threat to expel the International Chemical Workers for joining, Walter P. Reuther says several other unions have applied for membership in the Alliance for Labor Action—ALA—formed by his United Auto Workers and the Teamsters.

While he declined in an interview to name the applicants, Reuther said, "We will be acting on those shortly and will announce them" when they are voted in.

So far the Chemical Workers is the only AFL-CIO union to join the ALA, and AFL-CIO

President George Meany wants their 110,000 members expelled as a lesson to the federation's other 121 unions that they can't have one foot in his camp and the other in Reuther's.

The ouster move will come next month at the AFL-CIO convention. "It's a hard decision but there's no choice," says one high AFL-CIO official. Meany views the alliance as a competitive organization, damaging to the trade union movement.

Reuther, on the other hand, says this isn't so, that the ALA "is not a dual labor organization."

"If those who apply for ALA membership want to stay in the AFL-CIO, that's all right with us," Reuther said. "If they do not choose to remain, that also is O.K."

"Our movement is not designed to divide the AFL-CIO, just to revitalize it," Accusing the 75-year-old Meany of being dictatorial, ignoring the AFL-CIO constitution and of permitting the labor movement to "vegetate," the 62-year-old Reuther pulled his 1.7-million member United Auto Workers out of the federation last year.

A few months later he joined the 1.9-million-member Teamsters Union in forming ALA. The Teamsters were kicked out of the AFL-CIO on corruption charges in 1957.

## Cement Flagstone By Filling Cracks

Q.—I have been told that flagstones can be laid over a bed of sand with cement later placed between the flagstones—rather than the regular method of setting the stones in a cement mixture. But it seems to me that the job of pouring the cement between the dozens of flagstones would be much more difficult than placing the stones into the wet cement. Am I right? If not, can you tell me how the cement is placed between the flagstones. We have a large, flat area at the rear of our house that I'd like to make into a terrace.

A.—The conventional, professional method is more difficult, takes longer and requires more skill, but generally produces a better result. The other system works well, however, especially when you start with a flat surface. Cover the planned area with two inches of sand. Go over it

with a long, flat board of the type used for smoothing concrete. Be sure that it slopes the tiniest bit for drainage in the proper direction. Place the flagstones into the sand, working them down so that they set firmly. The stones can be fairly close together, but no closer than an inch. When you are satisfied that the tops of the stones are all at the same level, hose down the surface, both the stones and the sand. To be sure that you don't dislodge the stones, use the light sprinkler gadget of the hose nozzle. Now make a mixture of portland cement and sand—one part of cement to three parts of sand. DON'T add any water. Mix thoroughly, then spread it across the surface. Using a pushbroom, sweep the mixture around until all the spaces between the flagstones are level with the tops of the stones. When that is done, sweep off all the mix-

ture remaining on the flagstones. Now take the hose—and again using only the fine spray—wet down the entire area. Wait half an hour, then repeat the spraying process. Twenty four hours later, more spraying—and still more every day for about five days. The mixture between the flagstones will harden to produce a durable finish. In areas where there are cold winters, the bed of sand should be at least four inches thick.

## Keynote Speaker

BATTLE CREEK (AP) — Dr. Leroy Augenstein, head of Michigan State University's biophysics department, will give the keynote address at the second annual conference on conservation education Oct. 3 and 4 outside Battle Creek. Augenstein, also a member of the state board of education, will address some 300 educators, conservationists and community leaders at St. Mary's Lake Conference Center outside Battle Creek.

## TECH-TOONS

## Pick Varnish Most Suitable For Purpose

By ANDY LANG  
AP Newsfeatures

There are so many different kinds of varnishes on the market these days that it is wise to read the label on the can—before you leave the store—to determine whether it is suitable for your purpose.

Assuming that you have made the proper selection and that the surface of the wood has been thoroughly smoothed. The most important step is to select a work location that is as dust-free as possible. One of the best places is an unoccupied room or, if that is not possible, a room where there will be no traffic for several hours at least. If you will be doing the varnishing in the basement workshop with its usual concrete floors, wet down the floor before you start.

An effective way to remove every bit of dust from the wood surface is by using a tack rag just before applying the varnish. A tack rag is a clean, lintless cloth sprinkled with turpentine, then moistened with varnish and, finally, wrung out until it is nearly dry. The procedure makes the cloth sticky or tacky, which explains the expression tack rag, and enables it to pick up every particle of dust.

Don't shake the varnish container, as this produces tiny bubbles that may show up on the surface of the wood. Brush freely against the grain, then across the grain, then with the grain. The third operation is done only when the brush is nearly dry. It is known as tipping and is never neglected by professional

wood finishers. (The techniques of wood finishing are detailed in Andy Lang's helpful booklet, "Wood Finishing in the Home," available by sending 25 cents and a long, stamped, self-addressed envelope to Know-How, P. O. Box 477, Huntington, N. Y. 11743.)

No matter how careful you are in choosing a project area where dust will not be stirred, you are likely to find a few specks hitting the wood surface while you are brushing. To get rid of them quickly, without damaging the finish, keep handy an ordinary wooden toothpick. The second you spot a bit of dust, touch it lightly with the tip of the toothpick. The dust will

adhere to the tip. And almost as quickly as you pull away the toothpick, the wet varnish will close in on the area and smooth out the disturbed spot. That is it will if you do it while the varnish is still wet.

When you are finishing an object which can be turned upside down, such as a chair or table do as much varnishing as possible in a horizontal direction. That is, turn the chair or table around so that you apply the varnish on as many flat surfaces as you can, then reposition it, and so on.

Sand very lightly between coats, using a fine grade of paper. Use a waterproof sandpaper for the final coat, dipping it in water occasionally as you sand and not applying very much pressure. When the varnish has thoroughly dried—wait at least a day—apply a coat of paste wax.

## Common Sense Is Aid For Fire Prevention

By VIVIAN BROWN  
AP Newsfeatures Writer

Last year, property losses from fire damage in the United States were more than \$2 billion, but, vastly more important—entire families were burned to death because of carelessness or ignorance. People do foolish things.

They cook in a fireplace and then leave dying embers in it that can ignite the grease. They let youngsters, who are at home alone, cook bacon and other greasy foods.

Many parents leave small children at home with portable heat stoves that can be knocked over.

They keep inflammable cloths and chemicals in the cellar or in closets.

One house was destroyed by fire when a 12-year-old boy was asked to remove ashes from a fireplace and he left the paper bag of hot ashes on the wooden porch.

### Christmas Danger

A housewife threw a dry Christmas tree into a fireplace and caused an explosion and fire that seriously injured her and destroyed the home.

Two people in a trailer were asphyxiated by fire in a charcoal burner used to keep warm. It used up the available oxygen.

In dry weather, people burn papers, leaves and brush outdoors and leave fires untended.

Family awareness of fire should center on common-sense precautions. Local fire departments should be encouraged to instruct communities in the dangers connected with fires and give warnings on how they can get started.

Many fire departments team up with local groups to help along these lines. Last year, in some areas, empty soffee cans were collected by young people and fire labels were af-

fixed to them carrying instructions for extinguishing fires, safety tips and space for recording phone numbers. The promotion included filling the pail with baking soda, which can be thrown on a kitchen fire in an emergency. The drive was so successful that other groups will be actively engaged in providing such fire information this year.

### Safety Precautions

Experts suggest these precautions to keep the cooking area safe from fire.

If the phone or doorbell rings when you are cooking, do not leave broiling or frying food without first turning off the heat.

If a skillet blazes, leave it where it is. In moving it, the hot grease might spill, spreading the fire and burning you.

Water will make the grease splatter and the fire spread, so avoid using it on a grease fire.

If you are throwing garbage into an incinerator, be sure that you do not have a quantity of flour in it which might explode—one woman lost her eyebrows and hair this way.

Tie long hair back while cooking.

Experts recommend tossing handfuls of baking soda at the base of a stove fire. When heated, the soda creates carbon dioxide gas which smothers the fire.

## LUXURY!

Want to relax with a hot bath? No problem even though the electric dishwasher is running and Junior just had a shower—if you have a modern, fast-recovery electric water heater.

Turn on the faucet and then lie back and enjoy a hot, relaxing bath. Oh? The little woman wants a bath, too? No problem with your electric hot water heater. There's hot water for everyone.

## City Ambulance Says Paying Customers Only

James Schwalbach, owner of City Ambulance Service of Escanaba, has informed the County Board of Supervisors that effective Tuesday, Sept. 23, City Ambulance "will no longer accept any calls unless payment is made at the time of the call or before the patient is transferred from our cot to the hospital bed."

"No Medicare or Medicaid patients will be transferred to the hospital or nursing home unless payment is made at the time of the call," Schwalbach said in a letter to the board.

"Every Medicaid and Medicare patient has had the opportunity to subscribe to this ambulance service for the small fee of \$10 per year," he continued. "This would have entitled them to free ambulance service for one year regardless of the number of times they had to have the ambulance during that year. I'm sure everyone could afford the \$10."

**Fees Halved**

"I have a fee that I charge to all my patients and I see no

reason why I should have two fees to charge," Schwalbach said. "Since Medicare and Medicaid has gone into effect they have cut my fee in half. Not only this, but they take even more of that away from me and apply it towards the patient's \$50 deductible. In these cases I get nothing, but still have to pay my help for making the call. This is the reason I am no longer going to take this loss."

"Unless there can be some kind of assurance that if we answer 60 calls a month we will be paid for 60 calls and not 30 or 15 of those calls we will not go on the call," he said.

"The few subscribers that still maintain their subscription with us and are glad that they have can be reassured that they will have their call answered by us anytime, anywhere in Delta County."

Frank Stupak, chairman of the Delta County Board of Supervisors, said today that the board has taken a serious look at the situation and plans to take action in the near future.

Stupak said the county will have to ask for public bids to provide the service to the county or set up its own service.

### Subsidy Approved

The Board of Supervisors in December, 1967, approved a \$10 per call subsidy to the ambulance service for calls in Delta County.

Earlier this year, however, representatives of City Ambulance appealed to the Board of

## 339-70 Margin Surprises All Bill Backers

(Continued From Page One)

electoral votes of the states to determine the president, the winner would be the candidate who got the most individual votes in a nationwide tally.

A candidate would have to get at least 40 per cent of the popular vote to win. If none did, there would be a runoff between the top two.

### Minority Leader Sees

Opponents charged the 40 per cent provision could lead to a minority president, but Rep. Emanuel Celler, D-N.Y., manager of the bill, countered by pointing out that 15 presidents have been elected with less than 50 per cent of the popular vote. That includes President Nixon, who got slightly more than 43 per cent.

Celler brought the week-long debate on the measure to a dramatic, emotional close by declaring House passage would be "the crowning achievement of my life."

The 81-year-old chairman of the Judiciary Committee, who has served in the House for 46 years, told his colleagues he was nearing the end of his life. "The abyss awaits me," he said. "Passage will be a real event in my life." He received a standing ovation as he went back to his seat.

## Bomb Threat Hoax At Holy Name

Fr. Marks, boys' department principal of Holy Name High School, reported to Escanaba police last night that he received an anonymous phone call from a person who said that a friend of his had planted a bomb in one of the rooms at the high school.

Three Escanaba police officers, two firemen and the fire captain, plus two State Troopers made a systematic search of the building. No bomb was found, police said.

Classes were held today as scheduled.

Supervisors for an additional subsidy, asserting that because of the inability to collect full fees from Medicare and Medicaid patients that the service again was having financial problems.

The board, at that time, promised to study the situation, but no additional payments have been approved.

Schwalbach has operated City Ambulance in the community since Sept. 1963, when he purchased the business from Kemp Sabourin. Sabourin had discontinued the service several weeks before it was sold to Schwalbach after making an unsuccessful appeal to city and county officials for a subsidy.

## 'Head Start' Grant OK'd

Congressman Phillip Ruppe has announced a grant in the amount of \$119,364 to the Menominee - Delta - Schoolcraft Community Action Agency for the operation of a part-day full-year Head Start Program. The grant was made by the Department of Health, Education and Welfare (HUD).

Head Start is a program which offers the children from economically disadvantaged homes the opportunity of a pre-school experience.

It involves the total family in educational and social activities. Along with the opportunity to become more acquainted with a classroom situation, Head Start children are also given complete medical and dental evaluations including remedial work, said director Jim Bruce.

According to Bruce, out of this grant the Community Action Agency is also authorized to operate a special Head Start class in the City of Escanaba involving retarded children. This class is scheduled to begin next week along with other classes in the following locations: Menominee, Germfask, Hannahville and Manistique.

## Carney School Officers Elected

CARNEY—Bob Dupont has been elected senior class president at Carney-Nadeau High School.

Don Anderson was elected vice president, Merri Gustafson elected secretary; Chuck Laurin treasurer; Martin Laurin, sergeant at arms, and Jean Otradovec, historian.

Other class officers are: Junior Class — Diane Kossel, president; Norman Strasler, vice president; Leona Gustafson, secretary; Cindy Jasper, treasurer, and Ed Jenkins, sergeant at arms.

Sophomore Class — Francis Hanchek, president; Gil Haight, vice president; Susie Groleau, secretary; Steve Berger, treasurer; Barbara Peterson, historian; Sue Laurin, sergeant at arms; Freshmen — Roger Fadroski, president; Debbie Piche, vice president; Gail Klingenberg, secretary; Susie Anderla, treasurer; Doris Carlson, historian, and Roy Fadroski, sergeant at arms.

## Mafia Payoff Figure Jailed

PONTIAC (AP)—Joseph Barbara Jr. was sentenced today to 7 to 20 years imprisonment on his conviction of extorting \$4,000 from the wife of Peter Lazaros, a self-styled Mafia payoff man turned police informer.

Judge Frederick C. Ziem ordered Barbara to prison immediately, denying him bail while he appeals his conviction Aug. 13 by an Oakland County Circuit jury.

Barbara, 33, of Fraser, is president of the Tri-County Sanitation Co., and still faces a charge of rape lodged against him on the complaint of Lazaros' wife, Delores. Lazaros claims Barbara is a Mafia member.

## Prize Chinook Salmon Caught At Manistee

JOHN WHITKOWSKI of Manistee shows off the biggest Chinook salmon taken so far in Michigan waters. The fish, weighing 34 pounds, 13 ounces and measuring 35½ inches in length, was taken by Whitkowski off the breakwater at Manistee with a flatfish in 60 feet of water. The Department of Natural Resources expects catches up to 40 pounds to be taken from Lake Michigan waters in the near future. (AP Wire-photo)

## Lamprey Attacks On Salmon Under Study

ALPENA (AP)—Sea lamprey attacks on salmon in Lake Huron are causing concern to fishermen and residents of cities along the lake shoreline.

Rep. Joseph Swallow, R-Alpena, told the State Natural Resources Commission Thursday that nearly all the chinook salmon spotted running up the Ocqueoc River had one or more of the eel-like predators stuck on its side.

Swallow asked for a full review of the lamprey control program in Lake Huron.

Wayne Tody, head of the Natural Resources Department fish division, said that since 1966 all but three rivers tributary to Lake Huron have been chemically treated to stop reproduction by the lampreys.

Michigan's Au Sable River and the Sauguen and Bayfield Rivers in Ontario will be treated to complete the program, Tody said.

The first impact of this treatment program should show up next fall, he said.

**Planting Proposed**

Tody promised there will be an increase on the planting of steelhead, lake and brown trout in the lake.

Tody added there is no justification for increasing the sal-

## West Germany Election Seen As Party Tossup

BONN, Germany (AP)—With West Germany's general election nine days away, opinion polls say a large percentage of the voters are undecided and either major party has a chance to come in ahead.

One poll indicates 16 per cent of the 38 million voters haven't made up their minds.

The two parties, Chancellor Kurt Georg Kiesinger's Christian Democrats and Foreign Minister Willy Brandt's Social Democrats, are partners in the present government. But they are going into the election Sept. 28 as rivals.

Each would like to win the largest number of the 496 voting seats in the Bundestag, the lower house of Parliament, and thus make its leader West Germany's next chancellor.

None of the pollsters gives the major parties a chance to win a majority in the Bundestag, meaning that the party winning the most seats must seek a partner to govern.

## OSIER

We wish to express our deepest heartfelt thanks to all of you for your sincere condolences and help at the time of our bereavement. Only those who have been shown similar loving kindness when most needed, can understand our feeling toward all of you.

A special word of appreciation for the spiritual gifts and floral tributes. Also to Rev. Father Louis Cappel, Rev. Father Joseph Callari, Rev. Father Wayne Marcotte, Rev. Father Ted Brodeur, Brother Stephen, the pallbearers, the Brothers and Sisters of Holy Name High School, the Sisters, lay teachers and grade school children of St. Anne's School, V.F.W. men and women, to those who donated cars, the drivers, Michigan Consolidated Gas Co., Degnan-Crawford Funeral Home, Mrs. John Skradski, Dr. Donald Fitch, St. Francis Hospital, the women and friends who helped prepare and serve, to those who sent food and helped in so many ways.

Your kindness will always be held in grateful remembrance.

Mrs. Robert Osier & Family  
Mrs. Joseph Osier  
Mr. & Mrs. John Fisher

## Sec. Of State Hare Quits; Demo Pressure Seen

(Continued From Page One)

Hare had to resign to run.

"The result would be worse than a Viet Cong raid," said Hare of this possibility. He was referring to the Democratic resentment that would arise if Hare allowed a Republican a brief hold on the office.

Both Bernard Apol, director of the state elections division, and a spokesman for the attorney general's office said they had not yet researched the law in this situation.

Hare said his health problems influenced his decision.

Elliott said he hadn't given much thought to becoming a candidate.

"I'd have to talk to a lot of people," he said. "Meanwhile, this mention is tremendously flattering."

### End Of Era: Elliott

Elliott added mournfully, of Hare's decision:

"This is the end of an era."

Commenting on possible Republican candidates for his job, Hare said he is sure Sen. Emil Lockwood, R-St. Louis, the Senate Majority Leader is interested. He also mentioned Rep. Weldon Yeager, R-Detroit, as a probable GOP candidate.

Hare said he thought Atty. Gen. Frank Kelley would be the strongest Democratic candidate for governor.

"But I don't think he wants to run," Hare added.

Kelley has said as much privately.

Hare seemed to have no regrets about his decision. He had one pipe clenched between his teeth and a spare tucked in his upper coat pocket as he exchanged quips with newsmen.

Hare said he did not agree with Gov. Milliken that there should be any increase in the state income tax—even for educational purposes.

"Pouring out money is not going to be the answer," Hare said firmly. "Can anyone state that our schools are better now than they were in 1960 because of all the money that has been spent?"

Milliken, meanwhile, had some graceful words to say about Hare.

The governor termed him "formidable political opponent, a dedicated public servant and a gentleman."

"My relations with him have been warm and cordial," the governor said. "He has had a distinguished career in politics and government and will be missed in both. Jim Hare will be missed by both his political foes and personal friends—and often they were one."

Hare said he realized his name on the ticket as a candidate for some education post would not have as much drawing power as if he were running again for secretary of state.

State Democratic Chairman James McNeely issued a statement expressing "deep regret" that Hare would not run for another term.

McNeely noted that Hare led his party ticket in his last five terms and topped both party tickets the past four elections.

## Rail Hearing To End Today

Testimony before Interstate Commerce Commission Examiner James Moran of Washington, D. C. on the proposed abandonment of the Felch branch line by the Chicago & North Western Railway Co. was expected to end today in the Circuit courtroom of the Delta County building.

Michael D. O'Hara of Menominee, former Michigan Supreme Court justice, said late this morning that he had about five more witnesses to call before completing his case opposing the abandonment.

Stuart Gassner of Chicago, attorney for the railroad, completed his presentation before Moran after calling four witnesses Thursday.

Abandonment of the line, which runs 35.1 miles from Narenta west of Escanaba in Delta County to Felch in Dickinson County, is being opposed

by pulpwood cutters and shippers in the area, the Michigan Public Service Commission and Michigan Attorney Gen. Frank Kelley.

Donald K. Goulais, assistant state attorney general of Escanaba, said today he would make a statement on behalf of Kelley strongly urging the application of the railroad be denied.

"The attorney general is extremely concerned over the economic impact the abandonment would have on the economy of the area," Goulais said.

The railroad has demonstrated by testimony that abandonment of the branch line has been designed and deliberately planned, he said.

"By its own admission, the railroad has not maintained the line."

Congressman Philip E. Ruppe of Houghton voiced his opposition to the proposed abandonment Thursday.

The line has not been in use since early April.

Moran, who has been an ICC examiner for 12 years, said he would complete his report and recommendations to the ICC "as soon as possible." How soon that would be, he indicated, would depend on his schedule.

## Mrs. E. Baston Taken By Death

Mrs. Edgar (Gertrude) Baston, 84, of 1114 1st Ave. S. died at 2:30 p. m. Thursday at St. Francis Hospital after a brief illness.

She was born Sept. 28, 1884 in Chesterfield, England and came to Detroit in 1920 living there until 1965 when she and her husband moved to Escanaba to make their home with their son and family, the Ronald Bastons.

She was a member of the Gunston Baptist Church of Detroit and attended the Grace Baptist Church of Gladstone.

She is survived by two sons, Ronald of Escanaba and Reginald of Anchorville, Mich.; her husband, Edgar; one granddaughter, Mrs. Robert (Diane) Olson of Oshkosh, Wis.

Friends may call at the Allo Funeral Home after 1 p. m. Sunday and complete funeral services will be conducted at 2:30 p. m. Monday at the funeral home chapel with the Rev. Gaylord Wright of Gladstone, officiating. Burial will be in Lakeview Cemetery.

## Fred R. Wahl Dies Thursday

Fred Robert Wahl, 74, Mtd. Rte., Kipling, died Thursday evening at St. Francis Hospital, where he had been a patient for one week.

He was born Jan. 17, 1895 in Chicago and had resided in Kipling for the past 10 years. He was a retired machinist for the Acme Steel Co. and veteran of World War I.

He is survived by one nephew, Lester Wahl of Argo, Ill.

The body will be shipped from the Skradski Funeral Home to Chicago where funeral services will be held Monday, Sept. 22. Burial will be in Oakwood Cemetery in Chicago.

## Escanaba Boy Bitten By Dog

An 11-year-old Escanaba boy was badly bitten by a dog this morning while he was on his way to school.

Donald Villeneuve, 11, 1204 S. 13th St., was severely bitten on the left arm and alongside the left eye by a dog owned by Melvin Anderson, 1804 10th Ave. S., Escanaba, city police reported.

The dog was ordered confined and will be checked for rabies within 10 days.

## Bond To Speak In NMU Series

MARQUETTE — A lecture by Georgia state legislator Julian Bond and concerts by The Association and Count Basie and his orchestra headline Northern Michigan University's 1969-70 lecture-concert series.

The series also includes six major theatrical productions including Tennessee Williams' "Summer and Smoke."

All of the events are open to the public and most are free.

Bond, one of the Democratic Party's rising young leaders, will speak at NMU, Oct. 15. The Association, whose recordings "Windy," "Cherish," and theme from "Goodbye, Columbus" have made them popular with collegians, will present Northern's homecoming concert Oct. 21. Count Basie and his orchestra are booked for Dec. 2.

## Strikes-n-Spares

### With Mike Utt

Junior bowlers in the city of Escanaba will soon get a chance to show their stuff when the American Junior Bowling Congress program gets underway at the Bowl-A-Rama Lanes. An organizational meeting has been scheduled for Saturday at 1 p. m. and anyone through age 18 who wishes to participate in the program is invited to the meeting. Marge Evans is in charge of the local group and she will receive assistance from Loretta Matheson, Jack Beck and Ernie Vanlerberghe.

X X X

No one could have been more proud of Mary Graham's accomplishment last Thursday night at the Bowl-A-Rama than Mary Graham herself. Mary carries a 100-average in league competition, but no one would have known watching her when she rolled her 203 game in last week's league play.

X X X

Split pickers were in abundance in the Tuesday Early Bird League at the Holiday Bowl this week as eight bowlers accomplished the feat. Marie Iverson got the 3-5-7-9, Coleen Schroeder 5-7, Clara Moser 5-9-10, Joan Boucher 4-5, Alice Jones 3-10, Louise Orzel 3-10 and Jeanette Steinmetz 6-10.

X X X

Richard Stanchina had the high series in the City League at the Bowl-A-Rama Monday night and Tom Mackie had the high game of 215. Stanchina's series included 206 and 201 games and Mackie also had a 201 game for the night. Other top scorers were Jim Moyle 201, Bob Bloomstrom 203, C. J. Norelius 201 and Willy Whitburn 199.

X X X

Three bowlers in the Holiday 9 p. m. Tuesday League picked up splits during league play this week. Pat Taylor and Terry Grenier each got the 5-6-10 and Betty Nelson picked off the 5-10.

X X X

The pins were really falling in last week's Thursday night Women's League at the Bowl-A-Rama. Pat Johnston paced all bowlers with a 219 game and a 543 series while Marge Evans had a 208-529, Shirley Rolstad 203-522, Doris Roberts 515, Shirley Peltier 514 and Lois Cox. 213.

X X X

Pauline Criel and Pat Johnston staged quite a battle for top honors in the Tuesday night women's league at the Bowl-A-Rama as each had a 211 for high game honors while Pauline won out in the high series with a 551.

X X X

Split Pickers: Bob Haddock 2-7, Jean Vanlerberghe 5-10, Fred Lancour 6-7-10, Connie Haddock 5-10, Willy Whitburn 4-5 and Tom Mackie 4-7-9.

X X X

High games and series: Marilyn Christensen 204, Carl Fassbender 242-612, Clayton Tanguay 225, Harold Krusie 218 and 236-608, Elmer Dagenais 213 and 221, Charley Meyers 223, Nick Gersch 238 and 585, Rose Beauchamp 554, Jim Shomin 233, LaVerne Paul 211 and Red Holmes 618.

## Britain Hoping To Extend Lead

SOUTHPORT, England (AP)—Britain's Ryder Cup Captain Eric Brown, scenting victory over the Americans for the first time in a dozen years, patted his youngsters on the back but called on his veterans today to try to widen a slim but important lead.

"In this four ball (better ball) competition, it is experience that counts now," the jubilant Scot said, his own naturally optimistic spirits that much higher after the British wound up Thursday's foursomes with 4½ points to the United States' 3½. American Captain Sam Snead said he was undisturbed by trailing this early in the game but like Brown said it would be experience that counted in today's eight matches.

"And all these boys are truly experienced," he said of the 12 Americans who average 33 years of age, have won a million and a half dollars this year and altogether have triumphed in about 130 golf tournaments over the years.

"I think we'll play a little better now, more used to this course and especially these greens which are really tough to putt. I didn't see very much good putting out there yesterday."

The eight fourballs are followed by 16 singles matches on Saturday in a unique competition started by a British seed merchant, Sam Ryder, in 1927.

The British exulted over the two victories by Tony Jacklin, the Open champion, paired with 22-year-old Peter Townsend. Brown split them up in today's matches, putting Townsend with the Irish veteran, 44-year-old Christy O'Connor and Jacklin with another oldtimer, Neil Coles.

Snead gave Bill Casper the day off, hoping heat treatments would restore his right hand to normal. Casper sprained it smashing a ball out of a divot hole in the rough and said he was afraid he might be out of the competition entirely.

He put his confidence in pairing such stalwarts as Jack Nicklaus with Dan Sikes, Lee Trevino with Gene Littler, Ray Floyd with Miller Barber and Dave Hill with Dale Douglass.

Center felder Tommy Agee of the New York Mets received a reported \$60,000 bonus from the Cleveland Indians in 1961.

In three subsequent years he got in only 31 games with the Indians and was traded to the Chicago White Sox.

WHERE'D EVERYBODY GO? — A lone fan puffs on a cigar as he watches Wednesday's game between the Chicago Cubs and Philadelphia Phillies from the grandstand area at Wrigley Field. The Cubs, who normally draw well at home, had only 6,062 paid fans attending the game. (AP Wirephoto)

## Seaver Blanks Montreal; Mets Move Ahead By Five

By The Associated Press

On a cold September night in Canada, Manager Gil Hodges and his New York Mets were thankful they had their Tom Seaver around to keep them warm.

The brilliant young right-hander kept the red-hot Mets pennant drive burning brightly with a five-hit shutout in a 2-0 victory over Montreal Thursday night that helped New York boost its lead back to five games in the National League east.

"I had to work fast in the last couple of innings because I started to feel the cold," said Seaver of the 50-degree weather that was almost as cold as the Mets' only serious challenger, the Chicago Cubs.

The Cubs dropped a 5-3 decision to Philadelphia in an afternoon game—their 12th setback in 15 games—in falling six games back of New York in the loss column. The Mets' magic number for clinching the divisional title was reduced to eight.

Meanwhile, the West Division race remained as scrambled as ever as Los Angeles knocked Atlanta out of first place with a 5-2 victory and San Francisco took over the top spot by beating Houston 9-3.

The Giants, however, hold only a half-game lead over the Dodgers and the Braves, while fourth-place Cincinnati is just two games off the pace despite a 4-1 loss at San Diego.

St. Louis nipped Pittsburgh 8-7 in the other NL game.

Seaver struck out nine in in-

creasing his season total to 200 and kept the five hits well spaced in adding another chapter to the Mets' fantastic pitching during their pennant drive.

Seaver, who won his eighth straight pushing his record to 23-7, and Jerry Koosman, who shutout the Expos the night before, have been the mainstays of a staff that has now produced 11 shutouts in New York's last 35 games.

Mets pitchers haven't yielded a home run in the last 23 games.

During that span, the Mets have won 29 of 36 games—including 13 of their last 14—in roaring from 9½ games back of the Cubs on Aug. 13 to their present comfortable lead.

Jack Hiatt slammed a three-

run homer and a run-scoring single to power the Giants past Houston. But the Giants had to wait some eight hours, until the Dodgers beat Atlanta, to claim solo possession of first place.

Rookie Ted Sizemore's bases-loaded triple in the sixth inning and Jim Lefebvre's single keyed a four-run Dodger sixth that produced the triumph.

Orlando Cepeda's two-run homer in the second, his 21st, was the only damage off winner Don Sutton 17-15.

Rookie Clay Kirby, 6-19, scattered nine hits in beating Cincinnati for the third time in five decisions this season.

Jose Arcia backed him with four hits, including an RBI double that touched off a six-run Padre fifth. Roberto Pena had a two-run single and Nate Colbert an RBI single, while pitcher Dennis Ribant walked in one run and another scored on a passed ball in the big inning.

Ted Simmons stroked a run-scoring single after a two-out error by Pittsburgh first baseman Al Oliver to finish off a two-run ninth that gave St. Louis victory over the Pirates.

## Lolich Fails In Bid To Get 19th Victory

DETROIT (AP)—"You have to win 20 games or you don't get the benefits," moaned Mickey Lolich.

"You sit back and look back at the history of baseball in Detroit and who were the good pitchers—Jim Bunning, Frank Lary and all who won 20 games."

"Maybe I can win 17 and 18 games a season, but that's nothing. You've got to get 20."

Lolich failed Thursday in his bid to win his 19th as he became the victim of a five-run Cleveland outburst in the first inning and the Indians went on to beat Detroit 6-4.

The big blow in the inning was a three-run homer by rookie catcher Ray Fosse.

Sam McDowell went all the way for Cleveland, upping his record to 17-14 and striking out 13.

Lolich figures he'll have at least two more starts "or maybe three," he said. "I'd like to get a couple of starts with two days rest and get a better shot at 20."

Now he is 18-9, after being 13-2 at the All-Star break. The best previous season by the paunchy southpaw was 18-9 in 1964.

Jose Cardenal greeted Lolich with a lead off home run, his 11th. Then, after singles by Larry Brown and Ken Harrelson, Tony Horton lashed a run-scoring double. Fosse followed with his three-run blast, his second homer.

Detroit got a run back in the first when Mickey Stanley singled and scored from first on a bloop single to left field by Willie Horton.

Ike Brown hit a solo homer for Detroit in the second, his fifth.

Cleveland picked up another run off Lolich in the fifth on a sacrifice fly.

They added the final run in the seventh on a double by Dave Campbell, a single by Al Kaline and a wild pitch by McDowell. Dave Campbell replaced Jim Northrup after Northrup was ejected by plate umpire Larry Bennett for protesting the decision on his called third strike.

Detroit was to meet Boston tonight with Denny McLain, 23-7, scheduled to oppose the Red Sox' Ken Brett. The Indians left Thursday for Washington for a series against the Senators.

## Peninsula Preps Open Biggest Weekend Slate

High school football teams in the Upper Peninsula open play in the fourth weekend of the 1969 football season with their biggest weekend slate thus far, beginning with 13 games tonight and concluding Saturday with none more.

Included in tonight's games are important conference contests for the Escanaba Eskymos, Gladstone Braves and Manistique Emeralds while the fourth big school in the Daily Press coverage area, Holy Name, will be involved in a tough non-conference clash Saturday.

Escanaba will try to keep its 23-game unbeaten string intact in a Great Northern Conference test against the Kingsford Flivvers at Kingsford Friday night at 8.

### Win First Game

Kingsford won its first game of the season last weekend when they stopped Norway 14-6, but had to score a pair of fourth period touchdowns to do it. The Flivvers picked up 229 yards rushing in the game and added 26 more through the air. Steve Kotlar paced the ground attack with 84 yards.

The Eskymos came alive in the second half of their game with the Sault Ste. Marie Blue Devils last Friday and came out on the top end of a 14-6 score also. Fullback Mike Dupont led the potent Eskymo running attack with 94 yards in 18 carries. The Eskymos piled up 210 yards rushing in the game while their defense held the Blue Devils to only 119 total yards in the game, including just one yard rushing in the second half.

### Eskymos Lead

The Eskymos are the only undefeated team in the conference with a 1-0 mark while Menominee is in second place with a 2-1. West Iron County and Iron Mountain hold 0-1 marks and Kingsford has yet to play a conference game.

Gladstone and Manistique are scheduled to go against two of the top teams in the Great Lakes Conference Friday night. The Braves travel to Marquette for a game with the undefeated Redmen while the Emeralds play host to the Negaunee Miners.

Marquette holds the lead in the Great Lakes Conference

with a 2-0 mark while Ishpeming, Munising and Negaunee are all tied for second place with 2-1 records. Gladstone and Soo are next with 1-1 marks while Newberry, 0-2, and Manistique, 0-3, are at the bottom.

### Strong Defense

The Braves had Ishpeming on the run until late in the second period when the Hematites tied the score before going ahead in the fourth quarter by a score of 14-8. The Gladstone defense, led by Bob Young and Tom Protenhauer, held Ishpeming to just 146 total yards while the Braves' offense, spearheaded by the Young boys, Gary and Cliff, piled up 200 yards.

Gary Young carried the ball 18 times for 105 yards while Cliff Young picked up 70 yards in eight trips, including a 48-yard touchdown scamper.

The Emeralds, winless in three starts, got good running from fullback Keith Aldrich in their 19-0 setback at the hands of the Munising Mustangs. Aldrich carried the ball 17 times for 60 yards in the game to lead all Emerald rushers.

The Holy Name Crusaders, 2-1 on the season, will try to get back on the winning track against a strong opponent from the East, the St. Ignace Saints, victors in their season opener at Boyne City, 14-8.

### Potent Offense

St. Ignace features one of the top running backs in the U. P. in John Brown, who led all ball carriers in the Boyne City contest with 115 yards in 22 carries. Brown also ran for a 61-yard touchdown which was called back because of a penalty.

In addition to Brown, the Saints' powerful offense features fullback Bill McNamee, who ran for 104 yards against Boyne City, and the passing combination of quarterback Jeff Savord and end Leo Donovan, which combined for St. Ignace's second touchdown in the opener.

Holy Name did everything but get on the scoreboard against Menominee in suffering their first loss of the season. The Maroons got an early touchdown in the first period following a 46-yard jaunt by fullback Bob Theuerkauf. Five plays later, tailback Gary Enstrom carried for the touch-

down from two yards out.

### One-Two Punch

The Crusaders picked up 158 total yards in the game compared with Menominee's 132 and picked up two more first downs than the Maroons. Holy Name's one-two punch in the backfield, Tom Ness and Dan Young, picked up 77 and 71 yards respectively to pace the offense.

Other games Saturday involving area schools are in the Wolverine Conference, where Powers will travel to Bark River and Rock will play host to Pembine.

After three weeks of play, Hancock is the top scoring team in the Upper Peninsula with 107 points, all of which were scored in their last two games following a 0-0 tie with Norway in their opener.

Hancock is also one of two teams which have not been scored upon yet this season. Gwinn, 2-0-1 so far, is the other.

The U. P. records:

Team	W	L	T	TP	OP
Marquette	3	0	0	60	6
Escanaba	3	0	0	63	14

### John Gerou, 26, Dies In Mishap At Grand Rapids

John Gerou, 26, of Wyoming, Mich., son of Mr. and Mrs. Lawrence Gerou, former residents of Escanaba, was killed in a one-car traffic accident on an expressway in the Grand Rapids area Wednesday night, relatives in Escanaba were informed Thursday.

He was alone in the car at the time of the accident.

Survivors include his wife, Sandy; two daughters and an infant son; his parents, Mr. and Mrs. Lawrence Gerou, also of Wyoming; two brothers and two sisters and his paternal grandmother, Mrs. Elizabeth Gerou of Escanaba. Other relatives also reside in the Escanaba area.

Funeral services are scheduled at 10 a. m. Monday in Wyoming.

### Bridge To Open

LANSING (AP) — The bridge carrying U.S. 141 over the Menominee River at the Michigan-Wisconsin border—closed since July for deck repairs—will be reopened Monday, the State Highway Department has announced. Traffic has been detoured on U.S. 2 and U.S. 8 via Norway.

### July Traffic Deaths Record For All Year

CHICAGO (AP) — More persons died in traffic accidents in July than in any other month this year, the National Safety Council said today.

The council reported 5,030 deaths on the highways in July and a total of 30,690 for the first seven months of 1969.

The July total was up 3 per cent from the July 1968 figures and the seven-month figures increased 3 per cent over the same period of last year.

John D. Lawlor, executive vice president of the council, said the seven-month figure of 30,690 compares with "combat fatalities of 6,845 which occurred in Vietnam."

Houston remained the safest city of those with more than one million population. Houston's 1969 traffic fatality average is three persons for each 10,000 registered vehicles. Los Angeles followed with a 3.1 fatality rate and Philadelphia had a 3.2 rate.

Lansing, Mich., remained safest in the cities with populations of 100,000 to 200,000. Lansing, 1.1, was following by Baton Rouge, La., and Worcester, Mass., each with 1.6 rate.

### Catholic Appeal Deanery Chairmen Are Announced

Deanery chairmen for the U. P. Catholic Services Appeal have been announced by Msgr. Matt LaViolette and Clement Fleury, diocesan chairmen for the second annual appeal.

They include the new deans, except in Escanaba, where Msgr. LaViolette, as dean, named Fr. Thomas P. Dunleavy of Bark River.

The chairmen:

Marquette Deanery—Fr. Robert Cordy, Negaunee, and Francis Method, Negaunee;

Escanaba—Fr. T. P. Dunleavy; Fred Saykly, Escanaba;

Menominee—Fr. Milton Vanitvelt, Birch Creek; Dr. Roger Seidl, Menominee;

Iron Mountain—Fr. A. J. Hasenberg, Iron River; Chester Nettell, Crystal Falls;

Ironwood—Fr. Charles M. Herbst, Ontonagon; Edward Hokans, Sr., Star Rte. Ontonagon;

Houghton—Fr. James McCarthy; Donald J. Ogden, Houghton;

Sault Ste. Marie—Fr. Henry Mercier, DeTour; Julius J. Brunk, Sault.

The Most Rev. Bishop Charles A. Salatkka was delighted with the response, and dedication shown, at meetings of pastors, parish chairmen and volunteer secretaries held around the peninsula.

The meetings continue, in St.

FIRST WOMAN admitted to membership in the 121-year-old Chicago Board of Trade is Carol Jane Ovtiz, 26, shown on the trading floor.

John's of Marquette (Sept. 22) Sault Lorette (Sept. 23), Escanaba Holy Name (Sept. 24) on the Special Gifts and General phase volunteer training procedures.

Next week's meetings are at Immaculate Conception in Wakefield (Sept. 30), St. Ignace in Houghton (Oct. 1) and Menominee Catholic Central, St. Ann's (Oct. 2).

### Germfask

Thurman Skarritt attended a meeting at Marquette recently where Bishop Charles A. Salatkka spoke at a Catholic service for the annual appeal.

Gary Ackley and Earl Holbrook spent a few days visiting relatives in lower Michigan.

The Senior Citizens Club held a meeting Thursday night at the Germfask School.

Lonnie Skarritt, son of Mr. and Mrs. Ted Skarritt, is attending Bay de Noc Community College, Gerold Latsch, son of Mr. and Mrs. C. Hubert Latsch and Kenneth Zellar, son of Mr. and Mrs. John Zellar, Sr. have enrolled at Lake Superior College at Sault Ste. Marie. The following students attending Manistique High School are also taking parttime classes at Bay de Noc Community College at Escanaba: Earl Holbrook, James Burton, Guy Livermore, Michael Magnusson and Gerald Jack.

Mr. and Mrs. Virgil Monroe and family of Pinkney spent several days here visiting her parents, Mr. and Mrs. Leonard Gager and his parents, Mr. and Mrs. Donald Bonefield at Manistique and other relatives here.

Heiga Doran and Shirley Prieskorn were called for jury duty in the September court term.

A Harvest Festival will be held at 7:30 p. m. Sept. 25 at the United Methodist Church Annex.

### Cancer Society Reorganizes In Delta County

The Delta County Cancer Society has reorganized for 1969-70.

Officers and committee chairmen of the organization are: Jack Beck, president; David Mason, first vice president; Ralph Kaziateck, second vice president; Mrs. Charles Anspaugh, secretary; Mrs. William Baum, treasurer; Charles Anspaugh, lay state board member, and Dr. Roland Berry, medical state board member; Dr. Donald Fitch, medical chairman; Dr. N. J. Theisen, medical director; Mrs. Hilda Brunette, Dr. Theisen, Mrs. Clint Dunathan, patient service; Mrs. Robert Hansley, volunteer activities; David Mason, awards chairman; Mrs. E. K. Pohl, memorial chairman; Arthur Neiman, legacy chairman; Mrs. Robert Storbeck, service chairman; David Mason, crusade chairman; Mrs. Lawrence Haack, education chairman, and Ralph Kaziateck, publicity chairman.

The society's meeting night has been changed to the fourth Monday of the month. Anyone interested in participating is welcome at the meetings held at the Chamber of Commerce building.

The annual Cancer Crusade will be held next April.
